This presentation is neither an offer to sell, nor a solicitation of an offer to purchase, an interest in PennantPark Investment Corporation ("PennantPark", "PNNT" or the "Fund").

This presentation and the summaries contained herein do not purport to be complete and no obligation to update or otherwise revise such information is being assumed. Nothing shall be relied upon as a promise or representation as to the future performance of the Fund. Such information is qualified in its entirety by reference to the more detailed discussions contained elsewhere in the Fund's public filings with the Securities and Exchange Commission. There is no guarantee that any of the estimates, targets or projections illustrated in this presentation will be achieved. Any references herein to any of the Fund's past or present investments or its past or present performance have been provided for illustrative purposes only. It should not be assumed that these investments were or will be profitable or that any future investments by the Fund will be profitable or will equal the performance of past or present investments.

The information contained herein has been derived from financial statements and other documents provided by the portfolio companies and/or the third-party manager of such portfolio companies unless otherwise stated. Certain information discussed in this presentation (including information relating to portfolio companies) was derived from third-party sources and has not been independently verified and, accordingly, the Fund makes no representation or warranty with respect to this information. Past performance is not indicative of future results. In addition, there can be no assurance that unrealized gains/losses will be realized at current values since actual realized returns will depend on, among other factors, the future operating results of each of the Fund's current portfolio companies, the value of the assets and economic conditions at the time of disposition, any related transaction costs, and the timing and manner of any realization events, all of which may differ from the assumptions on which the Fund's expected returns are based. In certain instances, the Fund will not determine the timing or manner of disposition of the Fund's portfolio investments.

This presentation contains non-GAAP financial information. The Fund's management uses this information in its internal analysis of results and believes that this information may be informative to investors in gauging the quality of the Fund's financial performance, identifying trends in its results and providing meaningful period-to-period comparisons. Please see "Selected Financial Highlights" for a reconciliation of Core Net Investment Income and GAAP Net Investment Income in this presentation for more information.

Statements included herein may constitute "forward-looking statements," which relate to future events or the Fund's future performance or financial condition. These statements are not guarantees of future performance, condition or results and involve a number of risks and uncertainties. Actual results may differ materially from those in the forward-looking statements as a result of a number of factors, including those described from time to time in the Fund's public filings with the Securities and Exchange Commission. The Fund undertakes no duty to update any forward-looking statements made herein, except as may be required by law.

Investors should carefully consider the Fund's investment objective, risks, charges and expenses before investing. This and other information is contained in the Fund's prospectus, which should be read carefully before investing. A copy of the prospectus may be obtained at pennantpark.com.

WHO WE ARE

A Pioneer in Private Credit
Founded in 2007, we have invested through multiple cycles with the same leadership team

Multi-Strategy Platform
Capabilities spanning direct lending, securitized products, real estate bridge loans, and more

Strategic Partnerships
Long-term partnerships with firms including Hamilton Lane, Pantheon, and Kemper

Global Footprint
114 professionals across 7 offices to serve investors, sponsors, and portfolio companies

HOW WE SEEK TO INVEST

Core Middle Market Focus
We target mid-sized companies we believe are overlooked by other lenders

Target Cash-Flowing Companies
We target profitable companies with leading market positions

Capital Preservation First
Disciplined investment approach with deep credit underwriting in defensive industries

Conservative Structures
We target lower leverage, ample interest coverage, and protective financial covenants

Note: Past performance is not necessarily indicative of future results. Invested capital is at risk.
1. Assets under management ("AUM") is defined as the sum of gross asset values, unfunded commitments, joint ventures and available leverage drawn and undrawn for active funds as of 6/30/2026. Invested capital represents the cumulative sum of capital invested across the PennantPark platform since inception through 6/30/2026. Figures are rounded to the nearest billion.
Personnel as of September 2026 and includes both PennantPark full-time employees and dedicated external consultants.

The Core Middle Market

PennantPark

The U.S. middle market would be the world's third largest economy on a standalone basis[1]

STRUCTURAL ADVANTAGES

01 Less Competition
Banks have vacated; large lenders have migrated upmarket

02 Thorough Diligence
More time to underwrite borrowers, sponsors, and management teams

03 Yield Premium
Consistently wider credit spreads across cycles

04 Lower Leverage
Conservative leverage multiples and loan-to-value ratios

05 Stronger Covenants
Financial covenants on virtually all directly originated first lien loans

06 Transparency
Regular financial visibility with better access to management teams

PENNANTPARK VS. MARKET[2,3]

LOWER LEVERAGE
Debt-to-EBITDA Multiple

25% Lower

800+
middle market PE sponsors in the U.S.

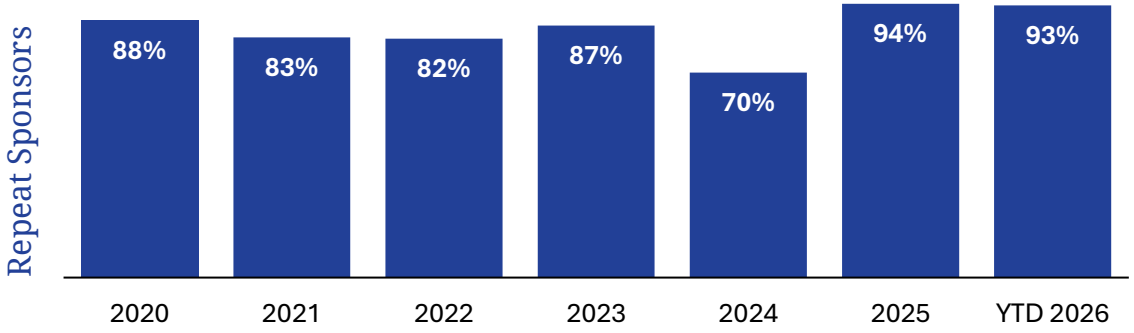
Closed deals with
250+
PE sponsors; majority repeat transactions[1]

Existing lender to
200+
portfolio companies across 110+ PE sponsors

Invested in only
6.2%
of inbound deals from 2021 to 2026

The value of being a good partner:

- 70% or more of PennantPark's deals have been with repeat sponsors in each year since 2020
- Sponsors may offer early and last looks because of our reliability, experience, market leadership, and flexible capital solutions



Diversification across many sponsors:

- We believe that diversification across many sponsors adds an additional layer of portfolio stability
- PennantPark's top sponsor relationship represents only 4% of investments since inception[1]

Top 5 Sponsors	Number of Deals	Exposure Since Inception
No. 1	10	4%
No. 2	11	4%
No. 3	15	3%

Intensive Credit Underwriting Process

PennantPark

A consensus-driven, multi-stage process designed to identify potential risks and protect capital

01

Source and Screen

A dedicated deal team is assigned to determine whether to proceed to full underwriting. Most opportunities are politely declined here.

02

Investment Committee

The full investment committee meets twice each week. Every member of the investment team participates to ensure diversity of perspectives.

03

Deep Diligence

A detailed memo is produced through extensive and iterative due diligence that resembles a full private equity underwriting process.

04

Final Decision

Final diligence often includes on-site visits and meetings with management. Consensus must be reached among the Partners for full approval.

Key Underwriting Considerations:

- **Business overview and history**
- **Supply chain**
- **Key risks**
- **Management team**
- **Customer base**
- **Legal and environmental risks**
- **Industry dynamics**
- **Financial summary**
- **Sponsor alignment**
- **Competitive landscape**
- **Investment structure**
- **Economic stress tests**

Data-Driven Risk Management

PennantPark

RISK MANAGEMENT LIFECYCLE

Structuring	Establish downside protection through appropriate leverage, covenants, collateral, required reporting, and governance rights.
Information Flow	Receive monthly financials, covenant certifications, and annual budgets while maintaining direct access to management and sponsors.
Continuous Monitoring	Deal teams regularly analyze operating performance, leverage, liquidity, covenant compliance, and other business-specific KPIs.
Ongoing IC Oversight	Material developments are discussed in real time at twice-weekly IC meetings to support early identification and escalation of risk.
Quarterly Assessment	Every investment undergoes a quarterly review incorporating internal risk ratings and independent third-party valuations.
Hands-on Account Management	When risks emerge, we proactively increase engagement, develop action plans, and exercise governance rights where appropriate.
Realization	Success is measured only after we are paid in full. Lessons from each outcome inform future underwriting and structuring.
