(1)The provisions of the 1940 Act classify investments based on the level of control that we maintain in a particular portfolio company. As defined in the 1940 Act, a company is generally presumed to be “non-controlled” when we own 25% or less of the portfolio company’s voting securities and “controlled” when we own more than 25% of the portfolio company’s voting securities.

(2)The provisions of the 1940 Act classify investments further based on the level of ownership that we maintain in a particular portfolio company. As defined in the 1940 Act, a company is generally deemed as “non-affiliated” when we own less than 5% of a portfolio company’s voting securities and “affiliated” when we own 5% or more of a portfolio company’s voting securities.

(3)Valued based on our accounting policy (See Note 2).

(4)Represents floating rate instruments that accrue interest at a predetermined spread relative to an index, typically the applicable Secured Overnight Financing Rate, or “SOFR”, or Prime rate, or “P”, or Sterling Overnight Index Average, or “SONIA.” The spread may change based on the type of rate used. The terms in the Schedule of Investments disclose the actual interest rate in effect as of the reporting period. SOFR loans are typically indexed to a 30-day, 90-day or 180-day SOFR rates (1M S, 3M S, or 6M S, respectively) at the borrower’s option. SONIA loans are typically indexed daily for GBP loans with a quarterly frequency payment. All securities are subject to a SOFR or Prime rate floor where a spread is provided, unless noted. The spread provided includes PIK interest and other fee rates, if any.

(5)The security was not valued using significant unobservable inputs. The value of all other securities was determined using significant unobservable inputs (See Note 5).

(6)Non-income producing securities.

(7)Represents the purchase of a security with delayed settlement or a revolving line of credit that is currently an unfunded investment. This security does not earn a basis point spread above an index while it is unfunded.

(8)Non-U.S. company or principal place of business outside the United States.

(9)Investment is held through our Taxable Subsidiary (See Note 1).

(10)Par / Shares amount is denominated in British Pounds (£) and in Canadian (CAD) as denoted.

(11)The investment is treated as a non-qualifying asset under Section 55(a) of the 1940 Act. Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets. As of March 31, 2024, qualifying assets represent 78% of the Company’s total assets and non-qualifying assets represent 22% of the Company’s total assets.

- (1)The provisions of the 1940 Act classify investments based on the level of control that we maintain in a particular portfolio company. As defined in the 1940 Act, a company is generally presumed to be “non-controlled” when we own 25% or less of the portfolio company’s voting securities and “controlled” when we own more than 25% of the portfolio company’s voting securities.
- (2)The provisions of the 1940 Act classify investments further based on the level of ownership that we maintain in a particular portfolio company. As defined in the 1940 Act, a company is generally deemed as “non-affiliated” when we own less than 5% of a portfolio company’s voting securities and “affiliated” when we own 5% or more of a portfolio company’s voting securities.
- (3)Valued based on our accounting policy (See Note 2).
- (4)Represents floating rate instruments that accrue interest at a predetermined spread relative to an index, typically the applicable Secured Overnight Financing Rate, or “SOFR”, or Prime rate, or “P”, or Sterling Overnight Index Average, or “SONIA.” The spread may change based on the type of rate used. The terms in the Schedule of Investments disclose the actual interest rate in effect as of the reporting period. SOFR loans are typically indexed to a 30-day, 90-day or 180-day SOFR rates (1M S, 3M S, or 6M S, respectively) at the borrower’s option. SONIA loans are typically indexed daily for GBP loans with a quarterly frequency payment. All securities are subject to a SOFR or Prime rate floor where a spread is provided, unless noted. The spread provided includes PIK interest and other fee rates, if any.
- (5)The security was not valued using significant unobservable inputs. The value of all other securities was determined using significant unobservable inputs (See Note 5).
- (6)Non-income producing securities.
- (7)Represents the purchase of a security with delayed settlement or a revolving line of credit that is currently an unfunded investment. This security does not earn a basis point spread above an index while it is unfunded.
- (8)Non-U.S. company or principal place of business outside the United States.
- (9)Investment is held through our Taxable Subsidiary (See Note 1).
- (10)Par / Shares amount is denominated in British Pounds (£) as denoted.
- (11)The investment is treated as a non-qualifying asset under Section 55(a) of the 1940 Act. Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets. As of September 30, 2023, qualifying assets represent 77% of the Company’s total assets and non-qualifying assets represent 23% of the Company’s total assets.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)
MARCH 31, 2024

1. ORGANIZATION

PennantPark Investment Corporation was organized as a Maryland corporation in January 2007. We are a closed-end, externally managed, non-diversified investment company that has elected to be treated as a BDC under the 1940 Act. Our investment objective is to generate both current income and capital appreciation while seeking to preserve capital through debt and equity investments. We invest primarily in U.S. middle-market companies in the form of first lien secured debt, second lien secured debt, subordinated debt and, to a lesser extent, equity investments. On April 24, 2007, we closed our initial public offering. On April 14, 2022, trading of the Company's common stock commenced on the New York Stock Exchange after the Company voluntarily withdrew the principal listing of its common stock from the Nasdaq Stock Market LLC effective at market close on April 13, 2022. Our common stock trades on the New York Stock Exchange under the symbol "PNNT."

We have entered into an investment management agreement, (the "Investment Management Agreement"), with PennantPark Investment Advisors, LLC (the "Investment Adviser"), an external adviser that manages our day-to-day operations. We have also entered into an administration agreement, (the "Administration Agreement"), with PennantPark Investment Administrator LLC (the "Administrator"), which provides the administrative services necessary for us to operate. PennantPark Investment, through the Administrator, also provides similar services to SBIC II under a separate administration agreement.

On July 31, 2020, we and certain entities and managed accounts of the private credit investment manager of Pantheon Ventures (UK) LLP, or Pantheon, entered into a limited liability company agreement to co-manage PSLF, a newly-formed unconsolidated joint venture. In connection with this transaction, we contributed in-kind our formerly wholly-owned subsidiary, Funding I. As a result of this transaction, Funding I became a wholly-owned subsidiary of PSLF and was deconsolidated from our financial statements. PSLF invests primarily in middle-market and other corporate debt securities consistent with our strategy. PSLF was formed as a Delaware limited liability company. See Note 4.

In April 2021, we issued \$150.0 million in aggregate principal amount of our 2026 Notes at a public offering price per note of 99.4%. Interest on the 2026 Notes is paid semi-annually on May 1 and November 1 of each year, at a rate of 4.50% per year, commencing November 1, 2021. The 2026 Notes mature on May 1, 2026 and may be redeemed in whole or in part at our option subject to a make-whole premium if redeemed more than three months prior to maturity. The 2026 Notes are general, unsecured obligations and rank equal in right of payment with all of our existing and future senior unsecured indebtedness. The 2026 Notes are effectively subordinated to all of our existing and future secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to all existing and future indebtedness and other obligations of any of our subsidiaries, financing vehicles, or similar facilities. We do not intend to list the 2026 Notes on any securities exchange or automated dealer quotation system.

In October 2021, we issued \$165.0 million in aggregate principal amount of our 2026 Notes-2 at a public offering price per note of 99.4%. Interest on the 2026 Notes is paid semi-annually on May 1 and November 1 of each year, at a rate of 4.00% per year, commencing May 1, 2022. The 2026 Notes-2 mature on November 1, 2026 and may be redeemed in whole or in part at our option subject to a make-whole premium if redeemed more than three months prior to maturity. The 2026 Notes-2 are general, unsecured obligations and rank equal in right of payment with all of our existing and future senior unsecured indebtedness. The 2026 Notes-2 are effectively subordinated to all of our existing and future secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to all existing and future indebtedness and other obligations of any of our subsidiaries, financing vehicles, or similar facilities. We do not intend to list the 2026 Notes-2 on any securities exchange or automated dealer quotation system.

On November 22, 2021, we formed PNNT Investment Holdings II, LLC, a Delaware limited liability company ("Holdings II"), as a wholly owned subsidiary. On December 31, 2022, we contributed 100% of our interests in PNNT Investment Holdings, LLC ("Holdings") to Holdings II. Effective as of January 1, 2024, Holdings II made an election to be treated as a corporation for U.S. federal income tax purposes. On January 3, 2024, we purchased an equity interest in Holdings from Holdings II and Holdings became a partnership for U.S. federal income tax purposes. The Company and Holdings II entered into a limited liability company agreement with respect to Holdings that provides for certain payments and the sharing of income, gain, loss and deductions attributable to Holdings' investments.

In January 2022, we formed PennantPark-TSO Senior Loan Fund II LP, ("PTSF II"), an unconsolidated limited partnership, organized as a Delaware limited partnership. We sold \$82.3 million in investments to a wholly-owned subsidiary of PTSF II in exchange for cash in the amount of \$75.7 million and an \$6.6 million equity interest in PTSF II representing 23.1% of the total outstanding Class A Units of PTSF II. We recognized \$0.2 million of realized gain upon the formation of PTSF II. As of March 31, 2024, our capital commitment of \$15.0 million is 100% funded and we hold 23.1% of the total outstanding Class A Units of PTSF II and a 4.99% voting interest in the general partner which manages PTSF II.

We are operated by a person who has claimed an exclusion from the definition of the term "commodity pool operator" under the Commodity Exchange Act of 1936, as amended, or the Commodity Exchange Act, and therefore, is not subject to registration or regulation as a commodity pool operator under the Commodity Exchange Act.

2. SIGNIFICANT ACCOUNTING POLICIES

The preparation of our consolidated financial statements, in conformity with U.S. generally accepted accounting principles, or GAAP requires management to make estimates and assumptions that affect the reported amount of our assets and liabilities at the date of the consolidated financial statements and the reported amounts of income and expenses during the reported periods. In the opinion of management, all adjustments, which are of a normal recurring nature, considered necessary for the fair presentation of financial statements have been included. Changes in the economic and regulatory environment, financial markets, the credit worthiness of our portfolio companies and any other parameters used in determining these estimates and assumptions could cause actual results to differ from such estimates and assumptions. We may reclassify certain prior period amounts to conform to the current period presentation. We have eliminated all intercompany balances and transactions in consolidation. References to the Financial Accounting Standards Board's, or FASB's, Accounting Standards Codification, as amended, or ASC, serve as a single source of accounting literature. Subsequent events are evaluated and disclosed as appropriate for events occurring through the date the consolidated financial statements are issued.

Our consolidated financial statements are prepared in accordance with GAAP, consistent with ASC Topic 946, Financial Services – Investment Companies, and pursuant to the requirements for reporting on Form 10-K/Q and Articles 6, 10 and 12 of Regulation S-X, as appropriate. In accordance with Article 6-09 of Regulation S-X, we have provided a consolidated statement of changes in net assets in lieu of a consolidated statement of changes in stockholders' equity.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) - (Continued)
March 31, 2024

Restatement of Previously Issued Financial Statement

As noted in the Annual Report on Form 10-K for the year ended September 30, 2023, during the preparation of the financial statements as of and for the year ended September 30, 2023, Management identified an error in the classification and presentation of cash pertaining to the Company's affiliates – PSLF and PTSF II in the September 30, 2022 financial statements. The Company recorded cash activity and due to affiliates pertaining to their investments as a reduction of the cash account instead of presenting the related cash and cash equivalents as an asset and a due to affiliates as a liability. This misclassification also existed at March 31, 2023, and the impact of the error correction is reflected on the consolidated statement of cash flows for the six months ended March 31, 2023 as an increase to cash and cash equivalents, beginning of period totaling \$2.1 million, an increase to cash and cash equivalents, end of period totaling \$3.3 million, and increase in due to affiliates of \$1.2 million.

There was no impact from the error correction to total net assets and net asset value per share as reported on the consolidated statement of assets and liabilities as of March 31, 2023. In addition, there was no impact from the error correction on net investment income or net increase (decrease) in net assets resulting from operations in total or on a per common share basis as reported on the consolidated statements of operations for the six months ended March 31, 2023. The corrections related to the prior year comparative cash flow statement amounts were reported in the quarter ended March 31, 2024.

Our significant accounting policies consistently applied are as follows:

(a) Investment Valuations

We expect that there may not be readily available market values for many of the investments which are or will be in our portfolio, and we value such investments at fair value as determined in good faith by or under the direction of our board of directors using a documented valuation policy and a consistently applied valuation process, as described in this Report. With respect to investments for which there is no readily available market value, the factors that our board of directors may take into account in pricing our investments at fair value include, as relevant, the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flow, the markets in which the portfolio company does business, comparison to publicly traded securities and other relevant factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, we consider the pricing indicated by the external event to corroborate or revise our valuation. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the price used in an actual transaction may be different than our valuation and the difference may be material. See Note 5.

Our portfolio generally consists of illiquid securities, including debt and equity investments. With respect to investments for which market quotations are not readily available, or for which market quotations are deemed not reflective of the fair value, our board of directors undertakes a multi-step valuation process each quarter, as described below:

- (1) Our quarterly valuation process begins with each portfolio company or investment being initially valued by the investment professionals of the Investment Adviser responsible for the portfolio investment;
- (2) Preliminary valuation conclusions are then documented and discussed with the management of the Investment Adviser;
- (3) Our board of directors also engages independent valuation firms to conduct independent appraisals of our investments for which market quotations are not readily available or are readily available but deemed not reflective of the fair value of the investment. The independent valuation firms review management's preliminary valuations in light of their own independent assessment and also in light of any market quotations obtained from an independent pricing service, broker, dealer or market maker;
- (4) The audit committee of our board of directors reviews the preliminary valuations of the Investment Adviser and those of the independent valuation firms on a quarterly basis, periodically assesses the valuation methodologies of the independent valuation firms, and responds to and supplements the valuation recommendations of the independent valuation firms to reflect any comments; and
- (5) Our board of directors discusses these valuations and determines the fair value of each investment in our portfolio in good faith, based on the input of our Investment Adviser, the respective independent valuation firms and the audit committee.

Our board of directors generally uses market quotations to assess the value of our investments for which market quotations are readily available. We obtain these market values from independent pricing services or at the bid prices obtained from at least two brokers or dealers, if available, or otherwise from a principal market maker or a primary market dealer. The Investment Adviser assesses the source and reliability of bids from brokers or dealers. If our board of directors has a bona fide reason to believe any such market quote does not reflect the fair value of an investment, it may independently value such investments by using the valuation procedure that it uses with respect to assets for which market quotations are not readily available.

(b) Security Transactions, Revenue Recognition, and Realized/Unrealized Gains or Losses

Security transactions are recorded on a trade-date basis. We measure realized gains or losses by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment, using the specific identification method, without regard to unrealized appreciation or depreciation previously recognized, but considering prepayment penalties. Net change in unrealized appreciation or depreciation reflects, as applicable, the change in the fair values of our portfolio investments and the Credit Facility during the reporting period, including the reversal of previously recorded unrealized appreciation or depreciation, when gains or losses are realized.

We record interest income on an accrual basis to the extent that we expect to collect such amounts. For loans and debt investments with contractual PIK interest, which represents interest accrued and added to the loan balance that generally becomes due at maturity, we will generally not accrue PIK interest when the portfolio company valuation indicates that such PIK interest is not collectable. We do not accrue as a receivable interest on loans and debt investments if we have reason to doubt our ability to collect such interest. Loan origination fees, original issue discount, or OID, market discount or premium and deferred financing costs on liabilities, which we do not fair value, are capitalized and then accreted or amortized using the effective interest method as interest income or, in the case of deferred financing costs, as interest expense. We record prepayment penalties earned on loans and debt investments as income. Dividend income, if any, is recognized on an accrual basis on the ex-dividend date to the extent that we expect to collect such amounts. From time to time, the Company receives certain fees from portfolio companies, which may or may not be recurring in nature. Such fees include loan prepayment penalties, structuring fees, amendment fees, and agency fees and are recorded as other investment income when earned.

PENNANTPARK INVESTMENT CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) - (Continued)
March 31, 2024

Loans are placed on non-accrual status when principal or interest payments are past due 30 days or more and/or if there is reasonable doubt that principal or interest will be collected. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in management's judgment, are likely to remain current. As of March 31, 2024, we had two portfolio companies on non-accrual, representing 3.7% and 3.0% percent of overall portfolio on a cost and fair value basis, respectively. As of September 30, 2023, we had one portfolio company on non-accrual, representing 1.2% and zero percent of our overall portfolio on a cost and fair value basis, respectively.

(c) Income Taxes

We have complied with the requirements of Subchapter M of the Code and have qualified to be treated as a RIC for federal income tax purposes. In this regard, we account for income taxes using the asset and liability method prescribed by ASC Topic 740, Income Taxes, or ASC 740. Under this method, income taxes are provided for amounts currently payable and for amounts deferred as tax assets and liabilities based on differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities. Based upon our qualification and election to be treated as a RIC for U.S. federal income tax purposes, we typically do not incur material federal income taxes. However, we may choose to retain a portion of our calendar year income, which may result in the imposition of an excise tax. Additionally, certain of the Company's consolidated subsidiaries are subject to federal, state and local income taxes. For the three and six months ended March 31, 2024, we recorded a provision for taxes on net investment income of \$0.8 million and \$1.2 million respectively, which pertains to U.S. federal excise tax. For the three and six months ended March 31, 2023, we recorded a provision for taxes on net investment income of \$0.5 million and \$2.5 million respectively, which pertains to U.S. federal excise tax.

We recognize the effect of a tax position in our Consolidated Financial Statements in accordance with ASC 740 when it is more likely than not, based on the technical merits, that the position will be sustained upon examination by the applicable tax authority. Tax positions not considered to satisfy the "more-likely-than-not" threshold would be recorded as a tax expense or benefit. Penalties or interest, if applicable, that may be assessed relating to income taxes would be classified as other operating expenses in the financial statements. There were no tax accruals relating to uncertain tax positions and no amounts accrued for any related interest or penalties with respect to the periods presented herein. The Company's determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof. Although the Company files both federal and state income tax returns, the Company's major tax jurisdiction is federal.

Holdings II, is subject to U.S. federal, state and local corporate income taxes. The income tax expense and related tax liabilities of the Taxable Subsidiary are reflected in the Company's consolidated financial statements.

For the three months and six months ended March 31, 2024, the Company recognized a provision for taxes of \$(0.2) million and \$(0.2) million, respectively, on net realized gain (loss) on investments by the Taxable Subsidiary. For the three months and six months ended March 31, 2023, the Company recognized a provision for taxes of \$(0.7) million and \$(0.7) million, respectively, on net realized gain on investments by the Taxable Subsidiary. For the three months and six months ended March 31, 2024, the Company recognized a provision for taxes of \$(0.8) million and \$(0.7) million, respectively, on net unrealized gain (loss) on investments by the Taxable Subsidiary. For the three and six months ended March 31, 2023, the Company recognized a provision for taxes of zero and \$0.9 million, respectively, on net unrealized gain (loss) on investments by the Taxable Subsidiary. The provision for taxes on net realized and unrealized gains on investments is the result of netting (i) the expected tax liability on the gains from the sales of investments which is likely to be realized and unrealized during fiscal year ending September 30, 2024 and (ii) the expected tax benefit resulting from the use of loss carryforwards to offset such gains. As of March 31, 2024 and September 30, 2023, the Company recognized a provision for taxes of \$0.9 million and \$3.4 million, respectively, on net realized and unrealized gains on investments by the Taxable Subsidiary.

During the three months and six months ended March 31, 2024, the Company paid zero, respectively, in federal taxes on realized gains on the sale of investments held by the Taxable Subsidiary. The state and local tax liability is \$0.4 million as of March 31, 2024 is included under accrued other expenses in the consolidated statement of assets and liabilities.

We operate in a manner to maintain our election to be subject to tax as a RIC and to eliminate corporate-level U.S. federal income tax (other than the 4% excise tax) by distributing sufficient investment company taxable income and capital gain net income (if any). As a result, we will have an effective tax rate equal to 0% before the excise tax and income taxes incurred by the Taxable Subsidiary. As such, a reconciliation of the differences between our reported income tax expense and its tax expense at the federal statutory rate of 21% is not meaningful.

Because federal income tax regulations differ from GAAP, distributions characterized in accordance with tax regulations may differ from net investment income and net realized gains recognized for financial reporting purposes. Differences between tax regulations and GAAP may be permanent or temporary. Permanent differences are reclassified among capital accounts in the Consolidated Financial Statements to reflect their tax character. Temporary differences arise when certain items of income, expense, gain or loss are recognized at some time in the future.

(d) Distributions and Capital Transactions

Distributions to common stockholders are recorded on the ex-dividend date. The amount to be paid, if any, as a distribution is determined by our board of directors each quarter and is generally based upon the earnings estimated by management. Net realized capital gains, if any, are distributed at least annually. The tax attributes for distributions will generally include ordinary income and capital gains but may also include certain tax-qualified dividends and/or a return of capital.

Capital transactions, in connection with our dividend reinvestment plan or through offerings of our common stock, are recorded when issued and offering costs are charged as a reduction of capital upon issuance of our common stock.

(e) Foreign Currency Translation

Our books and records are maintained in U.S. dollars. Any foreign currency amounts are translated into U.S. dollars on the following basis:

1. Fair value of investment securities, other assets and liabilities – at the exchange rates prevailing at the end of the applicable period; and
2. Purchases and sales of investment securities, income and expenses – at the exchange rates prevailing on the respective dates of such transactions.

PENNANTPARK INVESTMENT CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) - (Continued)
March 31, 2024

Although net assets and fair values are presented based on the applicable foreign exchange rates described above, we do not isolate that portion of the results of operations due to changes in foreign exchange rates on investments, other assets and debt from the fluctuations arising from changes in fair values of investments and liabilities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments and liabilities.

Foreign security and currency translations may involve certain considerations and risks not typically associated with investing in U.S. companies and U.S. government securities. These risks include, but are not limited to, currency fluctuations and revaluations and future adverse political, social and economic developments, which could cause investments in foreign markets to be less liquid and prices to be more volatile than those of comparable U.S. companies or U.S. government securities.

(f) Consolidation

As permitted under Regulation S-X and as explained by ASC paragraph 946-810-45-3, PennantPark Investment will generally not consolidate its investment in a company other than an investment company subsidiary or a controlled operating company whose business consists of providing services to us. Accordingly, we have consolidated the results of our SBIC Funds and our Taxable Subsidiary in our Consolidated Financial Statements. We do not consolidate our non-controlling interests in PSLF or PTSF II. See further description of our investment in PSLF in Note 4.

(g) Asset Transfers and Servicing

Asset transfers that do not meet ASC Topic 860, Transfers and Servicing, requirements for sale accounting treatment are reflected in the Consolidated Statements of Assets and Liabilities and the Consolidated Schedules of Investments as investments.

(h) Recent Accounting Pronouncements

In March 2020, the FASB issued Accounting Standards Update, or ASU, No. 2020-04, "Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting." The guidance provides optional expedients and exceptions for applying GAAP to contract modifications, hedging relationships and other transactions, subject to meeting certain criteria, that reference LIBOR or another reference rate expected to be discontinued because of the reference rate reform. ASU 2020-04 is effective for all entities as of March 12, 2020 through June 30, 2023. The FASB approved an (optional) two year extension to December 31, 2024, for transitioning away from LIBOR. The Company utilized the optional expedients and exceptions provided by ASU 2020-04 during the three and six months ended March 31, 2024, the effect of which was not material to the consolidated financial statements and the notes thereto.

In March 2022, the FASB issued ASU 2022-02, "Financial Instruments - Credit Losses (Topic 326)", which is intended to address issues identified during the post-implementation review of ASU 2016-13, "Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments." The amendment, among other things, eliminates the accounting guidance for troubled debt restructurings by creditors in Subtopic 310-40, "Receivables - Troubled Debt Restructurings by Creditors", while enhancing disclosure requirements for certain loan refinancings and restructurings by creditors when a borrower is experiencing financial difficulty. The new guidance is effective for interim and annual periods beginning after December 15, 2022. The Company has adopted the new accounting standard implementing appropriate controls and procedures, the effect of which was not material to the consolidated financial statements and the notes thereto.

In June 2022, the FASB issued ASU 2022-03, Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions, or ASU 2022-03, which changed the fair value measurement disclosure requirements of ASC Topic 820, Fair Value Measurements and Disclosures, or ASC 820. The amendments clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, is not considered in measuring fair value. The amendments also clarify that an entity cannot, as a separate unit of account, recognize and measure a contractual sale restriction. The new guidance is effective for fiscal years beginning after December 15, 2023, including interim periods therein. Early application is permitted. The Company is currently evaluating the impact the adoption of this new accounting standard will have on its consolidated financial statements, but the impact of the adoption is not expected to be material.

3. AGREEMENTS AND RELATED PARTY TRANSACTIONS

(a) Investment Management Agreement

The Investment Management Agreement with the Investment Adviser was reapproved by our board of directors, including a majority of our directors who are not interested persons of us or the Investment Adviser, in May 2024. Under the Investment Management Agreement, the Investment Adviser, subject to the overall supervision of our board of directors, manages the day-to-day operations of and provides investment advisory services to, us. The Investment Adviser serves as the servicer to Funding I and has irrevocably directed that the management fee owed to it with respect to such services be paid to the Company so long as the Investment Adviser remains the servicer. SBIC II's investment management agreement does not affect the management or incentive fees that we pay to the Investment Adviser on a consolidated basis. For providing these services, the Investment Adviser receives a fee from us, consisting of two components—a base management fee and an incentive fee or, collectively, Management Fees.

Base Management Fee

The base management fee is calculated at an annual rate of 1.50% of our "average adjusted gross assets," which equals our gross assets (exclusive of U.S. Treasury Bills, temporary draws under any credit facility, cash and cash equivalents, repurchase agreements or other balance sheet transactions undertaken at the end of a fiscal quarter for purposes of preserving investment flexibility for the next quarter and unfunded commitments, if any) and is payable quarterly in arrears. In addition, on November 13, 2018, in connection with our board of directors' approval of the application of the modified asset coverage requirements under the 1940 Act to the Company, our board of directors also approved an amendment to the Investment Management Agreement reducing the Investment Adviser's annual base management fee from 1.50% to 1.00% on gross assets that exceed 200% of the Company's total net assets as of the immediately preceding quarter-end. This amendment became effective on February 5, 2019 with the amendment and restatement of the Investment Management Agreement on April 12, 2019. The base management fee is calculated based on the average adjusted gross assets at the end of the two most recently completed calendar quarters, and appropriately adjusted for any share issuances or repurchases during the current calendar quarter. For example, if we sold shares on the 45th day of a quarter and did not use the proceeds from the sale to repay outstanding indebtedness, our gross assets for such quarter would give effect to the net proceeds of the issuance for only 45 days of the quarter during which the additional shares were outstanding. For the three and six months ended March 31, 2024, the Investment Adviser earned base management fees of \$4.1 million and \$8.1 million, respectively, from us. For the three and six months ended March 31, 2023, the Investment Adviser earned base management fee of \$4.0 million and \$8.6 million respectively, from us.

PENNANTPARK INVESTMENT CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) - (Continued)

Incentive Fee

The incentive fee has two parts, as follows:

One part is calculated and payable quarterly in arrears based on our Pre-Incentive Fee Net Investment Income for the immediately preceding calendar quarter. For this purpose, Pre-Incentive Fee Net Investment Income means interest income, dividend income and any other income, including any other fees (other than fees for providing managerial assistance), such as amendment, commitment, origination, prepayment penalties, structuring, diligence and consulting fees or other fees received from portfolio companies, accrued during the calendar quarter, minus our operating expenses for the quarter (including the base management fee, any expenses payable under the Administration Agreement and any interest expense or amendment fees under any credit facility and distribution paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-Incentive Fee Net Investment Income includes, in the case of investments with a deferred interest feature (such as OID, debt instruments with PIK interest and zero-coupon securities), accrued income not yet received in cash. Pre-Incentive Fee Net Investment Income does not include any realized capital gains, computed net of all realized capital losses or unrealized capital appreciation or depreciation. Pre-Incentive Fee Net Investment Income, expressed as a percentage of the value of our net assets at the end of the immediately preceding calendar quarter, is compared to the hurdle rate of 1.75% per quarter (7.00% annualized). We pay the Investment Adviser an incentive fee with respect to our Pre-Incentive Fee Net Investment Income in each calendar quarter as follows: (1) no incentive fee in any calendar quarter in which our Pre-Incentive Fee Net Investment Income does not exceed the hurdle rate of 1.75%, (2) 100% of our Pre-Incentive Fee Net Investment Income with respect to that portion of such Pre-Incentive Fee Net Investment Income, if any, that exceeds the hurdle rate but is less than 2.1212% in any calendar quarter (8.4848% annualized), and (3) 17.5% of the amount of our Pre-Incentive Fee Net Investment Income, if any, that exceeds 2.1212% in any calendar quarter. These calculations are pro-rated for any share issuances or repurchases during the relevant quarter, if applicable.

For the three and six months ended March 31, 2024, the Investment Adviser earned \$3.0 million and \$6.3 million, respectively, in incentive fees on net investment income from us. For the three and six months ended March 31, 2023, the Investment Adviser earned an incentive fee of \$3.5 million and \$5.7 million, respectively, in incentive fees on net investment income from us.

The second part of the incentive fee is determined and payable in arrears as of the end of each calendar year (or upon termination of the Investment Management Agreement, as of the termination date) and, effective January 1, 2018, equals 17.5% of our realized capital gains; (20.0% for periods prior to January 1, 2018), if any, on a cumulative basis from inception through the end of each calendar year, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis, less the aggregate amount of any previously paid capital gain incentive fees. For each of the three and six months ended March 31, 2024 and 2023, the Investment Adviser did not accrue an incentive fee on capital gains as calculated under the Investment Management Agreement (as described above).

Under GAAP, we are required to accrue a capital gains incentive fee based upon net realized capital gains and net unrealized capital appreciation and depreciation on investments held at the end of each period. In calculating the capital gains incentive fee accrual, we considered the cumulative aggregate unrealized capital appreciation in the calculation, as a capital gains incentive fee would be payable if such unrealized capital appreciation were realized, even though such unrealized capital appreciation is not permitted to be considered in calculating the fee actually payable under the Investment Management Agreement. This accrual is calculated using the aggregate cumulative realized capital gains and losses and cumulative unrealized capital appreciation or depreciation. If such amount is positive at the end of a period, then we record a capital gains incentive fee equal to 17.5% of such amount, less the aggregate amount of actual capital gains related to incentive fees paid in all prior years, if any. If such amount is negative, then there is no accrual for such year. There can be no assurance that such unrealized capital appreciation will be realized in the future. For each of the three and six months ended March 31, 2024 and 2023, the Investment Adviser did not accrue an incentive fee on capital gains as calculated under GAAP.

(b) Administration Agreement

The Administration Agreement with the Administrator was reapproved by our board of directors, including a majority of our directors who are not interested persons of us, in May 2024. Under the Administration Agreement, the Administrator provides administrative services and office facilities to us. For providing these services, facilities and personnel, we have agreed to reimburse the Administrator for our allocable portion of overhead and other expenses incurred by the Administrator in performing its obligations under the Administration Agreement, including rent and our allocable portion of the costs of compensation and related expenses of our Chief Financial Officer, Chief Compliance Officer, Corporate Counsel and their respective staffs. The amount billed by the Administrator may include credits related to its administrative agreement with PSLF. The Administrator also offers, on our behalf, significant managerial assistance to portfolio companies to which we are required to offer such assistance. Reimbursement for certain of these costs is included in administrative services expenses in the Consolidated Statements of Operations. For the three and six months ended March 31, 2024, we recorded the Investment Administrator expense of approximately \$0.1 million and \$0.2 million, respectively, for the services described above. For the three and six months ended March 31, 2023, we recorded the Investment Administrator expense of approximately \$0.3 million and \$0.6 million, respectively, for the services described above.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) - (Continued)
March 31, 2024

PennantPark Senior Loan Fund, LLC

In July 2020, we and Pantheon formed PSLF, an unconsolidated joint venture. PSLF invests primarily in middle-market and other corporate debt securities consistent with its strategy. PSLF was formed as a Delaware limited liability company. As of March 31, 2024 and September 30, 2023, PSLF had total assets of \$987.4 million and \$872.8 million, respectively and its investment portfolio consisted of debt investments in 99 and 90 portfolio companies, respectively. As of the same dates, we and Pantheon had remaining commitments to fund subordinated debt of zero and \$22.4 million, respectively, and equity interest of zero and \$14.5 million, respectively, in PSLF. As of March 31, 2024, at fair value, the largest investment in a single portfolio company in PSLF was \$21.5 million and the five largest investments totaled \$100.1 million. As of September 30, 2023, at fair value, the largest investment in a single portfolio company in PSLF was \$19.7 million and the five largest investments totaled \$97.5 million. PSLF invests in portfolio companies in the same industries in which we may directly invest.

We provide capital to PSLF in the form of subordinated notes and equity interests. As of March 31, 2024 and September 30, 2023, we and Pantheon owned 60.5% and 39.5%, respectively, of each of the outstanding subordinated notes and equity interests of PSLF. As of March 31, 2024 and September 30, 2023, our investment in PSLF consisted of subordinated notes of \$115.9 million and \$102.3 million, respectively, and equity interests of \$67.4 million and \$58.6 million, respectively.

We and Pantheon each appointed two members to PSLF's four-person Member Designees' Committee, or the Member Designees' Committee. All material decisions with respect to PSLF, including those involving its investment portfolio, require unanimous approval of a quorum of the Member Designees' Committee. Quorum is defined as (i) the presence of two members of the Member Designees' Committee; provided that at least one individual is present that was elected, designated or appointed by each of us and Pantheon; (ii) the presence of three members of the Member Designees' Committee, provided that the individual that was elected, designated or appointed by each of us or Pantheon, as the case may be, with only one individual present shall be entitled to cast two votes on each matter; and (iii) the presence of four members of the Member Designees' Committee shall constitute a quorum, provided that two individuals are present that were elected, designated or appointed by each of us and Pantheon.

Additionally, PSLF, through its wholly-owned subsidiary, or PSLF Subsidiary, has entered into a \$325.0 million (increased from \$225.0 million on September 2, 2022) senior secured revolving credit facility, or the PSLF Credit Facility, with BNP Paribas, which bears interest at SOFR (or an alternative risk-free interest rate index) plus 260 basis points during the investment period and is subject to leverage and borrowing base restrictions.

In March 2022, PSLF completed a \$304.0 million debt securitization in the form of a collateralized loan obligation, or the "2034 Asset-Backed Debt". The 2034 Asset-Backed Debt is secured by a diversified portfolio of PennantPark CLO IV, LLC, a wholly-owned and consolidated subsidiary of PSLF, consisting primarily of middle market loans and participation interests in middle market loans. The 2034 Asset-Backed Debt is scheduled to mature in April 2034. On the closing date of the transaction, in consideration of PSLF's transfer to PennantPark CLO IV, LLC of the initial closing date loan portfolio, which included loans distributed to PSLF by certain of its wholly owned subsidiaries and us, PennantPark CLO IV, LLC transferred to PSLF 100% of the Preferred Shares of PennantPark CLO IV, LLC and 100% of the Subordinated Notes issued by PennantPark CLO IV, LLC. As of March 31, 2024 and September 30, 2023, there was \$246.0 million of external 2034 Asset-Back Debt.

On July 26, 2023, CLO VII, LLC ("CLO VII") completed a \$300 million debt securitization in the form of a collateralized loan obligation (the "2035 Debt Securitization" or "2035 Asset-Backed Debt"). The 2035 Asset-Backed Debt is secured by a diversified portfolio consisting primarily of middle market loans. The 2035 Debt Securitization was executed through a private placement of: (i) \$151.0 million Class A-1a Notes maturing 2035, which bear interest at the three-month SOFR plus 2.7%, (ii) \$20.0 million Class A-1b Loans 2035, which bear interest at 6.5%, (iii) \$12.0 million Class A-2 Senior Secured Floating Rate Notes due 2035, which bear interest at the three-month SOFR plus 3.2%, (iv) \$21.0 million Class B Senior Secured Floating Rate Notes due 2035, which bear interest at the three-month SOFR plus 4.1%, (v) \$24.0 million Class C Secured Deferrable Floating Rate Notes due 2035, which bear interest at the three-month SOFR plus 4.7%, (vi) \$18.0 million Class D Secured Deferrable Floating Rate Notes due 2035, which bear interest at the three-month SOFR plus 7.0%. As of March 31, 2024 and September 30, 2023, there was \$246.0 million of external 2035 Asset-Backed Debt.

(1) Represents floating rate instruments that accrue interest at a predetermined spread relative to an index, typically the applicable Secured Overnight Financing Rate, or "SOFR" or Prime rate or "P". The spread may change based on the type of rate used. The terms in the Schedule of Investments disclose the actual interest rate in effect as of the reporting period. SOFR loans are typically indexed to a 30-day, 60-day, 90-day or 180-day SOFR rate (1M S, 2M S, 3M S, or 6M S, respectively), at the borrower's option. All securities are subject to a SOFR or Prime rate floor where a spread is provided, unless noted. The spread provided includes PIK interest and other fee rates, if any.

(2) Valued based on PSLF's accounting policy.

(1) Represents floating rate instruments that accrue interest at a predetermined spread relative to an index, typically the applicable Secured Overnight Financing Rate, or "SOFR" or Prime rate or "P". The spread may change based on the type of rate used. The terms in the Schedule of Investments disclose the actual interest rate in effect as of the reporting period. SOFR loans are typically indexed to a 30-day, 60-day, 90-day or 180-day SOFR rate (1M S, 2M S, 3M S, or 6M S, respectively), at the borrower's option. All securities are subject to a SOFR or Prime rate floor where a spread is provided, unless noted. The spread provided includes PIK interest and other fee rates, if any.

(2) Valued based on PSLF's accounting policy.

(3) Represents the purchase of a security with delayed settlement or a revolving line of credit that is currently an unfunded investment. This security does not earn a basis point spread above an index while it is unfunded.

5. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value, as defined under ASC 820, is the price that we would receive upon selling an investment or pay to transfer a liability in an orderly transaction to a market participant in the principal or most advantageous market for the investment or liability. ASC 820 emphasizes that valuation techniques maximize the use of observable market inputs and minimize the use of unobservable inputs. Inputs refer broadly to the assumptions that market participants would use in pricing an asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing an asset or liability based on market data obtained from sources independent of us. Unobservable inputs reflect the assumptions market participants would use in pricing an asset or liability based on the best information available to us on the reporting period date.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchies:

- Level 1: Inputs that are quoted prices (unadjusted) in active markets for identical assets or liabilities, accessible by us at the measurement date.
- Level 2: Inputs that are quoted prices for similar assets or liabilities in active markets, or that are quoted prices for identical or similar assets or liabilities in markets that are not active and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term, if applicable, of the financial instrument.
- Level 3: Inputs that are unobservable for an asset or liability because they are based on our own assumptions about how market participants would price the asset or liability.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Generally, most of our investments and our Truist Credit Facility are classified as Level 3. Our 2026 Notes and 2026 Notes-2 are classified as Level 2, as they are financial instruments with readily observable market inputs. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the price used in an actual transaction may be different than our valuation and those differences may be material.

The inputs into the determination of fair value may require significant management judgment or estimation. Even if observable market data is available, such information may be the result of consensus pricing information, disorderly transactions or broker quotes which include a disclaimer that the broker would not be held to such a price in an actual transaction. The non-binding nature of consensus pricing and/or quotes accompanied by disclaimer would result in classification as Level 3 information, assuming no additional corroborating evidence were available. Corroborating evidence that would result in classifying these non-binding broker/dealer bids as a Level 2 asset includes observable orderly market-based transactions for the same or similar assets or other relevant observable market-based inputs that may be used in pricing an asset.

Our investments are generally structured as debt and equity investments in the form of first lien secured debt, second lien secured debt, subordinated debt and equity investments. The transaction price, excluding transaction costs, is typically the best estimate of fair value at inception. Ongoing reviews by our Investment Adviser and independent valuation firms are based on an assessment of each underlying investment, incorporating valuations that consider the evaluation of financing and sale transactions with third parties, expected cash flows and market-based information including comparable transactions, performance multiples and yields, among other factors. These non-public investments valued using unobservable inputs are included in Level 3 of the fair value hierarchy.

A review of fair value hierarchy classifications is conducted on a quarterly basis. Changes in our ability to observe valuation inputs may result in a reclassification for certain financial assets or liabilities.

In addition to using the above inputs to value cash equivalents, investments, our 2026 Notes, our 2026 Notes -2 and our Truist Credit Facility, we employ the valuation policy approved by our board of directors that is consistent with ASC 820. Consistent with our valuation policy, we evaluate the source of inputs, including any markets in which our investments are trading, in determining fair value. See Note 2.

PENNANTPARK INVESTMENT CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) - (Continued)
March 31, 2024

As outlined in the table below, some of our Level 3 investments using a market approach valuation technique are valued using the average of the bids from brokers or dealers. The bids include a disclaimer, may not have corroborating evidence, may be the result of a disorderly transaction and may be the result of consensus pricing. The Investment Adviser assesses the source and reliability of bids from brokers or dealers. If the board of directors has a bona fide reason to believe any such bids do not reflect the fair value of an investment, it may independently value such investment by using the valuation procedure that it uses with respect to assets for which market quotations are not readily available. In accordance with ASC 820, we do not categorize any investments for which fair value is measured using the net asset value per share within the fair value hierarchy.

The remainder of our investment portfolio and our long-term Truist Credit Facility are valued using a market comparable or an enterprise market value technique. With respect to investments for which there is no readily available market value, the factors that our board of directors may take into account in pricing our investments at fair value include, as relevant, the nature and realizable value of any collateral, the portfolio company's ability to make payments, its earnings and discounted cash flow, the markets in which the portfolio company does business, comparison to publicly traded securities and other relevant factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, the pricing indicated by the external event, excluding transaction costs, is used to corroborate the valuation. When using earnings multiples to value a portfolio company, the multiple used requires the use of judgment and estimates in determining how a market participant would price such an asset. These non-public investments using unobservable inputs are included in Level 3 of the fair value hierarchy. Generally, the sensitivity of unobservable inputs or combination of inputs such as industry comparable companies, market outlook, consistency, discount rates and reliability of earnings and prospects for growth, or lack thereof, affects the multiple used in pricing an investment. As a result, any change in any one of those factors may have a significant impact on the valuation of an investment. Generally, an increase in a market yield will result in a decrease in the valuation of a debt investment, while a decrease in a market yield will have the opposite effect. Generally, an increase in an earnings before interest, taxes, depreciation and amortization, or EBITDA, multiple will result in an increase in the valuation of an investment, while a decrease in an EBITDA multiple will have the opposite effect.

Our Level 3 valuation techniques, unobservable inputs and ranges were categorized as follows for ASC 820 purposes:

As of September 30, 2023, we had outstanding non-U.S. dollar borrowings on our Truist Credit Facility. Net change in fair value on foreign currency translation on outstanding borrowings is listed below (\$ in thousands):

| Foreign Currency | Amount Borrowed | Borrowing Cost | Current Value | Reset Date | Change in Fair Value |

Generally, the carrying value of our consolidated financial liabilities approximates fair value. We have adopted the principles under ASC Subtopic 825-10, Financial Instruments, or ASC 825-10, which provides companies with an option to report selected financial assets and liabilities at fair value, and made an irrevocable election to apply ASC 825-10 to our Truist Credit Facility. We elected to use the fair value option for the Truist Credit Facility to align the measurement attributes of both our assets and liabilities while mitigating volatility in earnings from using different measurement attributes. Due to that election and in accordance with GAAP, we did not incur any expenses relating to amendment costs on the Truist Credit Facility during the three and six months ended March 31, 2024 and 2023. ASC 825-10 establishes presentation and disclosure requirements designed to facilitate comparisons between companies that choose different measurement attributes for similar types of assets and liabilities and to more easily understand the effect on earnings of a company's choice to use fair value. ASC 825-10 also requires us to display the fair value of the selected assets and liabilities on the face of the Consolidated Statements of Assets and Liabilities and changes in fair value of the Truist Credit Facility is reported in our Consolidated Statements of Operations. We did not elect to apply ASC 825-10 to any other financial assets or liabilities, including the, 2026 Notes, and 2026 Notes-2.

For the three and six months ended March 31, 2024, the Truist Credit Facility had a net change in unrealized (appreciation) depreciation of \$0.5 million and \$(1.6) million, respectively. For the three and six months ended March 31, 2023, the Truist Credit Facility had a net change in unrealized (appreciation) depreciation of \$1.5 million and \$5.9 million, respectively. As of March 31, 2024 and September 30, 2023, the net unrealized depreciation on the Truist Credit Facility totaled \$3.9 million and \$5.5 million, respectively. We use an independent valuation service to measure the fair value of our Truist Credit Facility in a manner consistent with the valuation process that our board of directors uses to value our investments.

⁽²⁾JF Intermediate, LLC became a controlled affiliate during the quarter end December 31, 2023.

⁽³⁾We and Pantheon are the members of PSLF, a joint venture formed as a Delaware limited liability company that is not consolidated by us for financial reporting purposes. The members of PSLF make investments in the PSLF in the form of subordinated debt and equity interests, and all portfolio and other material decision regarding PSLF must be submitted to PSLF's board of directors or investment committee, both of which are comprised of two members appointed by each of us and Pantheon. Because management of PSLF is shared equally between us and Pantheon, we do not believe we control PSLF for purposes of the 1940 Act or otherwise.

⁽⁴⁾RAM Energy LLC was fully realized in January 2023, during the six months ended March 31, 2024 there was realized loss due to reduction of the escrow receivable.

7. CHANGE IN NET ASSETS FROM OPERATIONS PER COMMON SHARE

The following information sets forth the computation of basic and diluted per share net increase in net assets resulting from operations (\$ in thousands, except per share data):

| | Three Months Ended March 31, | | Six Months Ended March 31, | |

| Basic and diluted net increase (decrease) in net assets per share resulting from operations | \$ 0.25 | \$ 0.07 | \$ 0.41 | \$ (1.03) |

8. CASH AND CASH EQUIVALENTS

Cash equivalents represent cash in money market funds pending investment in longer-term portfolio holdings and for other general corporate purposes. Our portfolio may consist of temporary investments in U.S. Treasury Bills (of varying maturities), repurchase agreements, money market funds or repurchase agreement-like treasury securities. These temporary investments with original maturities of 90 days or less are deemed cash equivalents and are included in the Consolidated Schedule of Investments. At the end of each fiscal quarter, we may take proactive steps to preserve investment flexibility for the next quarter by investing in cash equivalents, which is dependent upon the composition of our total assets at quarter-end. We may accomplish this in several ways, including purchasing U.S. Treasury Bills and closing out positions on a net cash basis after quarter-end, temporarily drawing down on the Credit Facility, or utilizing repurchase agreements or other balance sheet transactions as are deemed appropriate for this purpose. These amounts are excluded from average adjusted gross assets for purposes of computing the Investment Adviser's management fee. U.S. Treasury Bills with maturities greater than 60 days from the time of purchase are valued consistent with our valuation policy. As of March 31, 2024 and September 30, 2023, cash and cash equivalents consisted of money market funds, and non-money market in the amounts of \$35.4 million and \$38.8 million at fair value, respectively.

* Not annualized for periods less than one year.

**Re-occurring investment income and expenses included in these ratios are annualized for periods less than one year.

***The expense and investment income ratios do not reflect the Company's proportionate share of income and expenses of PSLF and PTSF II.

(1)Based on the weighted average shares outstanding for the respective periods.

(2)The tax status of distributions is calculated in accordance with income tax regulations, which may differ from amounts determined under GAAP, and reported on Form 1099-DIV each calendar year.

(3)Based on the change in market price per share during the periods and assumes distributions, if any, are reinvested.

(4)Excludes debt-related costs.

(5)Includes interest and expenses on debt (annualized) as well as Credit Facility amendment, debt issuance costs and excludes debt extinguishment cost, if any, (not annualized).

(6)The asset coverage ratio for a class of senior securities representing indebtedness is calculated as our consolidated total assets, less all liabilities and indebtedness not represented by senior securities, divided by the senior securities representing indebtedness at par (changed from fair value). This asset coverage ratio is multiplied by \$1,000 to determine the asset coverage per unit. These amounts exclude SBA debentures from our asset coverage per unit computation pursuant to exemptive relief received from the SEC in June 2011.

(7)Excludes short-term U.S. Government Securities

10. DEBT

The annualized weighted average cost of debt for the six months ended March 31, 2024 and 2023, inclusive of the fee on the undrawn commitment and amendment costs on the Truist Credit Facility and amortized upfront fees on SBA debentures, 2026 Notes and 2026 Notes-2, was 6.5% and 5.8%, respectively. As of March 31, 2024, in accordance with the 1940 Act, with certain limited exceptions, we are only allowed to borrow amounts such that we are in compliance with a 150% asset coverage ratio after such borrowing.

On February 5, 2019, our stockholders approved the application of the modified asset coverage requirements set forth in Section 61(a)(2) of the 1940 Act, as amended by the Consolidated Appropriations Act of 2018 (which includes the Small Business Credit Availability Act, or SBCAA) as approved by our board of directors on November 13, 2018. As a result, the asset coverage requirement applicable to us for senior securities was reduced from 200% (i.e., \$1 of debt outstanding for each \$1 of equity) to 150% (i.e., \$2 of debt outstanding for each \$1 of equity), subject to compliance with certain disclosure requirements. As of March 31, 2024 and September 30, 2023, our asset coverage ratio, as computed in accordance with the 1940 Act, was 170% and 195%, respectively.

Truist Credit Facility

As of March 31, 2024, we had the multi-currency Truist Credit Facility for up to \$475.0 million (decreased from \$500.0 million in September 2023), which may be further increased up to \$750.0 million in borrowings with certain lenders and Truist Bank, acting as administrative agent, Regions Bank, acting as an additional multicurrency lender, and JPMorgan Chase Bank, N.A., acting as syndication agent for the lenders. As of March 31, 2024 and September 30, 2023, we had \$396.5 million and \$212.4 million, respectively, in outstanding borrowings under the Truist Credit Facility. The Truist Credit Facility had a weighted average interest rate of 7.7% and 7.7%, respectively, exclusive of the fee on undrawn commitment, as of March 31, 2024 and September 30, 2023. The Truist Credit Facility is a revolving facility with a stated maturity date of July 29, 2027 and pricing set at 235 basis points over SOFR (or an alternative risk-free floating interest rate index). As of March 31, 2024 and September 30, 2023, we had \$78.5 million and \$262.6 million of unused borrowing capacity under the Truist Credit Facility, respectively, subject to leverage and borrowing base restrictions. The Truist Credit Facility is secured by substantially all of our assets. As of March 31, 2024, we were in compliance with the terms of the Truist Credit Facility.

SBA Debentures

SBIC II was historically able to borrow funds from the SBA against regulatory capital (which approximates equity capital) that is paid-in and is subject to customary regulatory requirements including an examination by the SBA. We previously funded SBIC II with \$75.0 million of equity capital and it had SBA debentures outstanding of zero as of March 31, 2024 and September 30, 2023, respectively. SBA debentures are non-recourse to us and may be prepaid at any time without penalty. The interest rate of SBA debentures is fixed at the time of issuance, often referred to as pooling, at a market-driven spread over 10-year U.S. Treasury Notes. Under current SBA regulations, a SBIC may individually borrow up to a maximum of \$175.0 million, which is up to twice its potential regulatory capital, and as part of a group of SBICs under common control may borrow a maximum of \$350 million in the aggregate. As of both March 31, 2024 and September 30, 2023, SBIC II had zero in debt commitments, all of which was drawn as of September 30, 2022. We repaid the remaining SBA debentures during the year ended September 30, 2023.

2026 Notes

In April 2021, we issued \$150.0 million in aggregate principal amount of our 2026 Notes at a public offering price per note of 99.4%. Interest on the 2026 Notes is paid semi-annually on May 1 and November 1 of each year, at a rate of 4.50% per year, commencing November 1, 2021. The 2026 Notes mature on May 1, 2026 and may be redeemed in whole or in part at our option subject to a make-whole premium if redeemed more than three months prior to maturity. The 2026 Notes are general, unsecured obligations and rank equal in right of payment with all of our existing and future senior unsecured indebtedness. The 2026 Notes are effectively subordinated to all of our existing and future secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to all existing and future indebtedness and other obligations of any of our subsidiaries, financing vehicles, or similar facilities. We do not intend to list the 2026 Notes on any securities exchange or automated dealer quotation system.

2026 Notes-2

In October 2021, we issued \$165.0 million in aggregate principal amount of our 2026 Notes-2 at a public offering price per note of 99.4%. Interest on the 2026 Notes-2 is paid semi-annually on May 1 and November 1 of each year, at a rate of 4.00% per year, commencing May 1, 2022. The 2026 Notes-2 mature on November 1, 2026 and may be redeemed in whole or in part at our option subject to a make-whole premium if redeemed more than three months prior to maturity. The 2026 Notes-2 are general, unsecured obligations and rank equal in right of payment with all of our existing and future senior unsecured indebtedness. The 2026 Notes-2 are effectively subordinated to all of our existing and future secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to all existing and future indebtedness and other obligations of any of our subsidiaries, financing vehicles, or similar facilities. We do not intend to list the 2026 Notes-2 on any securities exchange or automated dealer quotation system.

11. COMMITMENTS AND CONTINGENCIES

From time to time, we, may be a party to legal proceedings, including proceedings relating to the enforcement of our rights under contracts with our portfolio companies. While the outcome of these legal proceedings cannot be predicted with certainty, we do not expect that these proceedings will have a material effect upon our financial condition or results of operations.

Unfunded debt and equity investments, if any, are disclosed in the Consolidated Schedules of Investments. Under these arrangements, we may be required to supply a letter of credit to a third party if the portfolio company were to request a letter of credit. As of March 31, 2024 and September 30, 2023, we had \$242.1 million and \$160.8 million, respectively, in commitments to fund investments. Additionally, the Company had unfunded commitments of zero and up to \$22.4 million to PSLF as of March 31, 2024 and September 30, 2023, respectively, that may be contributed primarily for the purpose of funding new investments approved by PSLF board of directors or investment committee.

12. UNCONSOLIDATED SIGNIFICANT SUBSIDIARIES

We must determine which, if any, of our unconsolidated controlled portfolio companies is a "significant subsidiary" within the meaning of Regulation S-X. We have determined that, as of September 30, 2023, PennantPark Senior Loan Fund, LLC triggered at least one of the significance tests. As a result and in accordance with Rule 3-09 of Regulation S-X, separate audited financial statements of PSLF, LLC for the years ended September 30, 2023, 2022, and 2021 were filed as exhibits to our Annual Report on Form 10-K for the fiscal year ended September 30, 2023.

Report of Independent Registered Public Accounting Firm

To the Stockholders and the Board of Directors of
PennantPark Investment Corporation and its Subsidiaries

Results of Review of Interim Financial Statements

We have reviewed the accompanying consolidated statement of assets and liabilities of PennantPark Investment Corporation and its subsidiaries (the Company), including the consolidated schedules of investments, as of March 31, 2024, the related consolidated statements of operations and changes in net assets for the three-month and six-month periods ended March 31, 2024 and 2023, and cash flows for the six-month periods ended March 31, 2024 and 2023, and the related notes to the consolidated financial statements (collectively, the interim financial information or financial statements). Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim financial information for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated statement of assets and liabilities of the Company, including the consolidated schedule of investments, as of September 30, 2023, and the related consolidated statements of operations, changes in net assets, and cash flows for the year then ended (not presented herein); and in our report dated December 7, 2023, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated statement of assets and liabilities, including the consolidated schedule of investments, as of September 30, 2023, is fairly stated, in all material respects, in relation to the consolidated statement of assets and liabilities, including the consolidated schedule of investments, from which it has been derived.

Emphasis of Matter

As discussed in Note 2 of the consolidated financial statements, the consolidated statement of cash flows for the six months ended March 31, 2023 has been restated to reclassify certain amounts presented within.

Basis for Review Results

These interim financial statements are the responsibility of the Company's management. We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the PCAOB, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

Board of Directors and Stockholders
PennantPark Investment Corporation and its Subsidiaries

We have reviewed, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the unaudited interim financial information of PennantPark Investment Corporation and its Subsidiaries for the periods ended March 31, 2024 and 2023, as indicated in our report dated May 8, 2024; because we did not perform an audit, we expressed no opinion on that information.

We are aware that our report referred to above, which is included in your Quarterly Report on Form 10-Q for the quarter ended March 31, 2024, is incorporated by reference in Registration Statement No. 333-263564 on Form N-2.

We are also aware that the aforementioned report, pursuant to Rule 436(c) under the Securities Act of 1933, is not considered a part of the Registration Statement prepared or certified by an accountant or a report prepared or certified by an accountant within the meaning of Sections 7 and 11 of that Act.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD-LOOKING STATEMENTS

This Report, including Management's Discussion and Analysis of Financial Condition and Results of Operations, contains statements that constitute forward-looking statements, which relate to us and our consolidated subsidiaries regarding future events or our future performance or future financial condition. These forward-looking statements are not historical facts, but rather are based on current expectations, estimates and projections about our Company, our industry, our beliefs and our assumptions. The forward-looking statements contained in this Report involve risks and uncertainties, including statements as to:

- our future operating results;
- our business prospects and the prospects of our prospective portfolio companies;
- changes in political, economic or industry conditions, the interest rate environment or conditions affecting the financial and capital markets that could result in changes to the value of our assets;
- the dependence of our future success on the general economy and its impact on the industries in which we invest;
- the impact of a protracted decline in the liquidity of credit markets on our business;
- the impact of investments that we expect to make;
- the impact of fluctuations in interest rates and foreign exchange rates on our business and our portfolio companies;
- our contractual arrangements and relationships with third parties;
- the valuation of our investments in portfolio companies, particularly those having no liquid trading market;
- the ability of our prospective portfolio companies to achieve their objectives;
- our expected financings and investments;
- the adequacy of our cash resources and working capital;
- the timing of cash flows, if any, from the operations of our prospective portfolio companies;
- the impact of price and volume fluctuations in the stock market;
- increasing levels of inflation, and its impact on us and our portfolio companies;
- the ability of our Investment Adviser to locate suitable investments for us and to monitor and administer our investments;
- the impact of future legislation and regulation on our business and our portfolio companies;
- the impact of the ongoing invasion of Ukraine by Russia and other world economic and political issues; and
- the inability to develop and maintain effective internal control over financial reporting.

We use words such as "anticipates," "believes," "expects," "intends," "seeks," "plans," "estimates" and similar expressions to identify forward-looking statements. You should not place undue influence on the forward-looking statements as our actual results could differ materially from those projected in the forward-looking statements for any reason, including the factors in "Risk Factors" and elsewhere in this Report.

Although we believe that the assumptions on which these forward-looking statements are based are reasonable, any of those assumptions could prove to be inaccurate, and, as a result, the forward-looking statements based on those assumptions also could be inaccurate. Important assumptions include our ability to originate new loans and investments, certain margins and levels of profitability and the availability of additional capital. In light of these and other uncertainties, the inclusion of a projection or forward-looking statement in this Report should not be regarded as a representation by us that our plans and objectives will be achieved.

We have based the forward-looking statements included in this Report on information available to us on the date of this Report, and we assume no obligation to update any such forward-looking statements. Although we undertake no obligation to revise or update any forward-looking statements in this Report, whether as a result of new information, future events or otherwise, you are advised to consult any additional disclosures that we may make directly to you or through reports that we in the future may file with the SEC, including reports on Form 10-Q/K and current reports on Form 8-K.

You should understand that under Section 27A(b)(2)(B) of the Securities Act and Section 21E(b)(2)(B) of the Exchange Act, the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 do not apply to forward-looking statements made in periodic reports we file under the Exchange Act.

The following analysis of our financial condition and results of operations should be read in conjunction with our Consolidated Financial Statements and the related notes thereto contained elsewhere in this Report.

Overview

PennantPark Investment Corporation is a BDC whose objectives are to generate both current income and capital appreciation while seeking to preserve capital through debt and equity investments primarily made to U.S. middle-market companies in the form of first lien secured debt, second lien secured debt, subordinated debt and equity investments.

We believe middle-market companies offer attractive risk-reward to investors due to a limited amount of capital available for such companies. We seek to create a diversified portfolio that includes first lien secured debt, second lien secured debt, subordinated debt and equity investments by investing approximately \$10 million to \$50 million of capital, on average, in the securities of middle-market companies. We expect this investment size to vary proportionately with the size of our capital base. We use the term "middle-market" to refer to companies with annual revenues between \$50 million and \$1 billion. The companies in which we invest are typically highly leveraged, and, in most cases, are not rated by national rating agencies. If such companies were rated, we believe that they would typically receive a rating below investment grade (between BB and CCC under the Standard & Poor's system) from the national rating agencies. Securities rated below investment grade are often referred to as "leveraged loans" or "high yield" securities or "junk bonds" and are often higher risk compared to debt instruments that are rated above investment grade and have speculative characteristics. Our debt investments may generally range in maturity from three to ten years and are made to U.S. and, to a limited extent, non-U.S. corporations, partnerships and other business entities which operate in various industries and geographical regions.

Our investment activity depends on many factors, including the amount of debt and equity capital available to middle-market companies, the level of merger and acquisition activity for such companies, the general economic environment and the competitive environment for the types of investments we make. We have used, and expect to continue to use, our debt capital, proceeds from the rotation of our portfolio and proceeds from public and private offerings of securities to finance our investment objectives.

Organization and Structure of PennantPark Investment Corporation

PennantPark Investment Corporation, a Maryland corporation organized in January 2007, is a closed-end, externally managed, non-diversified investment company that has elected to be treated as a BDC under the 1940 Act. In addition, for federal income tax purposes we have elected to be treated, and intend to qualify annually, as a RIC under the Code.

Our investment activities are managed by the Investment Adviser. Under our Investment Management Agreement, we have agreed to pay our Investment Adviser an annual base management fee based on our average adjusted gross assets as well as an incentive fee based on our investment performance. PennantPark Investment, through the Investment Adviser, provided similar services to SBIC II under its investment management agreement. SBIC II's investment management agreement does not affect the management and incentive fees on a consolidated basis. We have also entered into an Administration Agreement with the Administrator. Under our Administration Agreement, we have agreed to reimburse the Administrator for our allocable portion of overhead and other expenses incurred by the Administrator in performing its obligations under our Administration Agreement, including rent and our allocable portion of the costs of compensation and related expenses of our Chief Financial Officer, Chief Compliance Officer, Corporate Counsel and their respective staffs. PennantPark Investment, through the Administrator, provided similar services to SBIC II under its administration agreement with us. Our board of directors, a majority of whom are independent of us, provides overall supervision of our activities, and the Investment Adviser supervises our day-to-day activities.

Revenues

We generate revenue in the form of interest income on the debt securities we hold and capital gains and dividends, if any, on investment securities that we may acquire in portfolio companies. Our debt investments, whether in the form of first lien secured debt, second lien secured debt or subordinated debt, typically have a term of three to ten years and bear interest at a fixed or a floating rate. Interest on debt securities is generally payable quarterly or semiannually. In some cases, our investments provide for deferred interest payments and PIK interest. The principal amount of the debt securities and any accrued but unpaid interest generally becomes due at the maturity date. In addition, we may generate revenue in the form of amendment, commitment, origination, structuring or diligence fees, fees for providing significant managerial assistance and possibly consulting fees. Loan origination fees, OID and market discount or premium and deferred financing costs on liabilities, which we do not fair value, are capitalized and accreted or amortized using the effective interest method as interest income or, in the case of deferred financing costs, as interest expense. Dividend income, if any, is recognized on an accrual basis on the ex-dividend date to the extent that we expect to collect such amounts. From time to time, the Company receives certain fees from portfolio companies, which may or may not be non-recurring in nature. Such fees include loan prepayment penalties, structuring fees, amendment fees, and agency fees and are recorded as other investment income when earned.

Expenses

Our primary operating expenses include interest expense on the outstanding debt and unused commitment fees on undrawn amounts, under our various debt facilities, the payment of a management fee and the payment of an incentive fee to our Investment Adviser, if any, our allocable portion of overhead under our Administration Agreement and other operating costs as detailed below. Our management fee compensates our Investment Adviser for its work in identifying, evaluating, negotiating, consummating and monitoring our investments. We bear all other direct or indirect costs and expenses of our operations and transactions, including:

- the cost of calculating our net asset value, including the cost of any third-party valuation services;
- the cost of effecting sales and repurchases of shares of our common stock and other securities;
- fees payable to third parties relating to, or associated with, making investments, including fees and expenses associated with performing due diligence and reviews of prospective investments or complementary businesses;
- expenses incurred by the Investment Adviser in performing due diligence and reviews of investments; including expenses incurred by the Investment Adviser payable to third parties (including agents and consultants) in monitoring financial and legal affairs for the Company and in monitoring the Company's investments;
- transfer agent and custodial fees;
- fees and expenses associated with marketing efforts;
- federal and state registration fees and any exchange listing fees;
- federal, state, local and foreign taxes;
- independent directors' fees and expenses;
- brokerage commissions;

- fidelity bond, directors and officers, errors and omissions liability insurance and other insurance premiums;
- direct costs such as printing, mailing, long distance telephone and staff;
- fees and expenses associated with independent audits and outside legal costs;
- costs associated with our reporting and compliance obligations under the 1940 Act, and applicable federal and state securities laws; and
- all other expenses incurred by either the Administrator or us in connection with administering our business, including payments under our Administration Agreement that will be based upon our allocable portion of overhead, and other expenses incurred by the Administrator in performing its obligations under our Administration Agreement, including rent and our allocable portion of the costs of compensation and related expenses of our Chief Financial Officer, Chief Compliance Officer, Corporate Counsel and their respective staffs.

Generally, during periods of asset growth, we expect our general and administrative expenses to be relatively stable or to decline as a percentage of total assets and increase during periods of asset declines. Incentive fees, interest expense and costs relating to future offerings of securities would be additive to the expenses described above.

Restatement of Previously Issued Financial Statement

As noted in the Annual Report on Form 10-K for the year ended September 30, 2023, during the preparation of the financial statements as of and for the year ended September 30, 2023, Management identified an error in the classification and presentation of cash pertaining to the Company's affiliates – PSLF and PTSF II in the September 30, 2022 financial statements. The Company recorded cash activity and due to affiliates pertaining to their investments as a reduction of the cash account instead of presenting the related cash and cash equivalents as an asset and a due to affiliates as a liability. This misclassification also existed at March 31, 2023, and the impact of the error correction is reflected on the consolidated statement of cash flows for the six months ended March 31, 2023 as an increase to cash and cash equivalents, beginning of period totaling \$2.1 million, an increase to cash and cash equivalents, end of period totaling \$3.3 million, and increase in due to affiliates of \$1.2 million.

There was no impact from the error correction to total net assets and net asset value per share as reported on the consolidated statement of assets and liabilities as of March 31, 2023. In addition, there was no impact from the error correction on net investment income or net increase (decrease) in net assets resulting from operations in total or on a per common share basis as reported on the consolidated statements of operations for the six months ended March 31, 2023. The corrections related to the prior year comparative cash flow statement amounts were reported in the quarter ended March 31, 2024.

As a result of the error in the classification and presentation of cash described above, we conducted an analysis to determine whether incentive-based compensation was erroneously awarded, thereby necessitating recovery under the Clawback Policy we adopted effective December 1, 2023. Because we do not pay or otherwise award incentive-based compensation to the Company's executives, we concluded that the error did not result in erroneously-awarded incentive-based compensation, and therefore no compensation recovery is required.

PORTFOLIO AND INVESTMENT ACTIVITY

As of March 31, 2024, our portfolio totaled \$1,238.2 million and consisted of \$678.6 million or 55% of first lien secured debt, \$59.7 million or 5% of U.S. Government Securities, \$63.7 million or 5% of second lien secured debt, \$165.1 million or 13% of subordinated debt (including \$115.9 million or 9% in PSLF) and \$271.1 million or 22% of preferred and common equity (including \$72.6 million or 6% in PSLF). Our interest bearing debt portfolio consisted of 97% variable-rate investments and 3% fixed-rate investments. As of March 31, 2024, we had two portfolio companies on non-accrual, representing 3.7% and 3.0% percent of our overall portfolio on a cost and fair value basis, respectively. Overall, the portfolio had net unrealized appreciation of \$12.0 million as of March 31, 2024. Our overall portfolio consisted of 138 companies with an average investment size of \$8.5 million, had a weighted average yield on interest bearing debt investments of 12.5%.

As of September 30, 2023, our portfolio totaled \$1,101.7 million and consisted of \$527.7 million or 48% of first lien secured debt, \$99.8 million or 9% of U.S. Government Securities, \$80.4 million or 7% of second lien secured debt, \$156.2 million or 14% of subordinated debt (including \$102.3 million or 9% in PSLF) and \$237.6 million or 22% of preferred and common equity (including \$62.1 million or 6% in PSLF). Our interest bearing debt portfolio consisted of 95% variable-rate investments and 5% fixed-rate investments. As of September 30, 2023, we had one portfolio company on non-accrual, representing 1.2% and zero percent of our overall portfolio on a cost and fair value basis, respectively. Overall, the portfolio had net unrealized depreciation of \$(16.3) million as of September 30, 2023. Our overall portfolio consisted of 129 companies with an average investment size of \$7.8 million, had a weighted average yield on interest bearing debt investments of 13.0%.

For the three months ended March 31, 2024, we invested \$188.5 million in six new and 43 existing portfolio companies with a weighted average yield on debt investments of 11.7% (excluding U.S. Government Securities). For the three months ended March 31, 2024, sales and repayments of investments totaled \$176.2 million (excluding U.S. Government Securities). For the six months ended March 31, 2024, we invested \$419.6 million in 18 new and 60 existing portfolio companies with a weighted average yield on debt investments of 11.8% (excluding U.S. Government Securities). For the six months ended March 31, 2024, sales and repayment of investments totaled \$247.2 million (excluding U.S. Government Securities).

For the three months ended March 31, 2023, we invested \$58.3 million in six new and 34 existing portfolio companies with a weighted average yield on debt investments of 11.8%. For the three months ended March 31, 2023, sales and repayments of investments totaled \$114.2 million. For the six months ended March 31, 2023, we invested \$144.8 million in 12 new and 64 existing portfolio companies with a weighted average yield on debt investments of 11.5%. For the six month ended March 31, 2023, sales and repayment of investments totaled \$136.8 million.

PennantPark Senior Loan Fund, LLC

As of March 31, 2024, PSLF's portfolio totaled \$923.9 million, consisted of 99 companies with an average investment size of \$9.3 million and had a weighted average yield interest bearing debt investments of 12.0%.

As of September 30, 2023, PSLF's portfolio totaled \$804.2 million, consisted of 90 companies with an average investment size of \$8.9 million and had a weighted average yield interest bearing debt investments of 12.1%.

For the three months ended March 31, 2024, PSLF invested \$113.2 million (including \$103.1 million were purchased from the Company) in 11 new and five existing portfolio companies at weighted average yield interest bearing debt investments of 11.8%. PSLF's sales and repayments of investments for the same period totaled \$49.7 million. For the six months ended March 31, 2024, PSLF invested \$194.2 (of which \$154.0 million was purchased from the Company) in 16 new and 11 existing portfolio companies with a weighted average yield on debt investments of 12.2%. PSLF Sales and repayments of investments for the same period totaled \$78.9 million.

For the three months ended March 31, 2023, PSLF invested \$38.5 million (of which \$18.4 were purchased from the Company) in one new and one existing portfolio companies at weighted average yield on interest bearing debt investments of 11.6%. PSLF's sales and repayments of investments for the same period totaled \$24.9 million. For the six months ended March 31, 2023, PSLF invested \$55.3 million (of which \$18.4 million was purchased from the Company) in eight new and five existing portfolio companies with a weighted average yield on debt investments of 11.5%. PSLF's sales and repayments of investments for the the same period totaled \$33.9 million.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of our Consolidated Financial Statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of our assets and liabilities at the date of the Consolidated Financial Statements and the reported amounts of income and expenses during the reported periods. In the opinion of management, all adjustments, which are of a normal recurring nature, considered necessary for the fair presentation of financial statements have been included. Actual results could differ from these estimates due to changes in the economic and regulatory environment, financial markets and any other parameters used in determining such estimates and assumptions, including the credit worthiness of our portfolio companies. We may reclassify certain prior period amounts to conform to the current period presentation. We have eliminated all intercompany balances and transactions. References to ASC serve as a single source of accounting literature. Subsequent events are evaluated and disclosed as appropriate for events occurring through the date the Consolidated Financial Statements are issued. In addition to the discussion below, we describe our critical accounting policies in the notes to our Consolidated Financial Statements. We discuss our critical accounting estimates in Management's Discussion and Analysis of Financial Condition and Results of Operations in our 2023 Annual Report on Form 10-K. There have been no significant changes in our critical accounting estimates during the six months from those disclosed in our 2023 Annual Report on Form 10-K.

Investment Valuations

We expect that there may not be readily available market values for many of the investments which are or will be in our portfolio, and we value such investments at fair value as determined in good faith by or under the direction of our board of directors using a documented valuation policy and a consistently applied valuation process, as described in this Report. With respect to investments for which there is no readily available market value, the factors that our board of directors may take into account in pricing our investments at fair value include, as relevant, the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flow, the markets in which the portfolio company does business, comparison to publicly traded securities and other relevant factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, we consider the pricing indicated by the external event to corroborate or revise our valuation. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the price used in an actual transaction may be different than our valuation and the difference may be material.

Our portfolio generally consists of illiquid securities, including debt and equity investments. With respect to investments for which market quotations are not readily available, or for which market quotations are deemed not reflective of the fair value, our board of directors undertakes a multi-step valuation process each quarter, as described below:

- (1) Our quarterly valuation process begins with each portfolio company or investment being initially valued by the investment professionals of our Investment Adviser responsible for the portfolio investment;
- (2) Preliminary valuation conclusions are then documented and discussed with the management of the Investment Adviser;
- (3) Our board of directors also engages independent valuation firms to conduct independent appraisals of our investments for which market quotations are not readily available or are readily available but deemed not reflective of the fair value of the investment. The independent valuation firms review management's preliminary valuations in light of their own independent assessment and also in light of any market quotations obtained from an independent pricing service, broker, dealer or market maker;
- (4) The audit committee of our board of directors reviews the preliminary valuations of the Investment Adviser and those of the independent valuation firms on a quarterly basis, periodically assesses the valuation methodologies of the independent valuation firms, and responds to and supplements the valuation recommendations of the independent valuation firms to reflect any comments; and
- (5) Our board of directors discusses these valuations and determines the fair value of each investment in our portfolio in good faith, based on the input of our Investment Adviser, the respective independent valuation firms and the audit committee.

Our board of directors generally uses market quotations to assess the value of our investments for which market quotations are readily available. We obtain these market values from independent pricing services or at the bid prices obtained from at least two brokers or dealers, if available, or otherwise from a principal market maker or a primary market dealer. The Investment Adviser assesses the source and reliability of bids from brokers or dealers. If our board of directors has a bona fide reason to believe any such market quote does not reflect the fair value of an investment, it may independently value such investments by using the valuation procedure that it uses with respect to assets for which market quotations are not readily available.

Fair value, as defined under ASC 820, is the price that we would receive upon selling an investment or pay to transfer a liability in an orderly transaction to a market participant in the principal or most advantageous market for the investment or liability. ASC 820 emphasizes that valuation techniques maximize the use of observable market inputs and minimize the use of unobservable inputs. Inputs refer broadly to the assumptions that market participants would use in pricing an asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing an asset or liability based on market data obtained from sources independent of us. Unobservable inputs reflect the assumptions market participants would use in pricing an asset or liability based on the best information available to us on the reporting period date.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchies:

- Level 1: Inputs that are quoted prices (unadjusted) in active markets for identical assets or liabilities, accessible by us at the measurement date.
- Level 2: Inputs that are quoted prices for similar assets or liabilities in active markets, or that are quoted prices for identical or similar assets or liabilities in markets that are not active and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term, if applicable, of the financial instrument.
- Level 3: Inputs that are unobservable for an asset or liability because they are based on our own assumptions about how market participants would price the asset or liability.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Generally, most of our investments, and our are classified as Level 3. Our 2026 Notes and 2026 Notes-2 are classified as Level 2, as they are financial instruments with readily observable market inputs. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the price used in an actual transaction may be different than our valuation and those differences may be material.

On December 3, 2020, the SEC adopted Rule 2a-5 under the 1940 Act, which establishes an updated regulatory framework for determining fair value in good faith for purposes of the 1940 Act. The new rule clarifies how fund boards of directors can satisfy their valuation obligations and requires, among other things, the board of directors to periodically assess material valuation risks and take steps to manage those risks. The rule also permits boards of directors, subject to board oversight and certain other conditions, to designate the fund's investment adviser to perform fair value determinations. The new rule went into effect on March 8, 2021 and had a compliance date of September 8, 2022. We came into compliance with Rule 2a-5 under the 1940 Act before the compliance date. While our board of directors has not elected to designate the Investment Adviser as the valuation designee at this time, we have adopted certain revisions to our valuation policies and procedures in order comply with the applicable requirements of Rule 2a-5 under the 1940 Act.

In addition to using the above inputs to value cash equivalents, investments, our 2026 Notes, 2026 Notes-2 and our Truist Credit Facility valuations, we employ the valuation policy approved by our board of directors that is consistent with ASC 820. Consistent with our valuation policy, we evaluate the source of inputs, including any markets in which our investments are trading, in determining fair value.

Generally, the carrying value of our consolidated financial liabilities approximates fair value. We have adopted the principles under ASC Subtopic 825-10, Financial Instruments, or ASC 825-10, which provides companies with an option to report selected financial assets and liabilities at fair value, and made an irrevocable election to apply ASC 825-10 to our Truist Credit Facility. We elected to use the fair value option for the Truist Credit Facility to align the measurement attributes of both our assets and liabilities while mitigating volatility in earnings from using different measurement attributes. Due to that election and in accordance with GAAP, we did not incur any expenses relating to amendment costs on the Truist Credit Facility for both the three and six months ended March 31, 2024 and 2023. ASC 825-10 establishes presentation and disclosure requirements designed to facilitate comparisons between companies that choose different measurement attributes for similar types of assets and liabilities and to more easily understand the effect on earnings of a company's choice to use fair value. ASC 825-10 also requires entities to display the fair value of the selected assets and liabilities on the face of the Consolidated Statements of Assets and Liabilities and changes in fair value of the Truist Credit Facility is reported in our Consolidated Statements of Operations. We elect not to apply ASC 825-10 to any other financial assets or liabilities, including the 2026 Notes, and 2026 Notes-2.

For the three and six months ended March 31, 2024, the Truist Credit Facility had a net change in unrealized (appreciation) depreciation of \$0.5 million and \$(1.6) million, respectively. For the three and six months ended March 31, 2023, the Truist Credit Facility had a net change in unrealized appreciation of \$1.5 million and \$5.9 million, respectively. As of March 31, 2024 and September 30, 2023, the net unrealized depreciation on the Truist Credit Facility totaled \$3.9 million and \$5.5 million, respectively. We use a nationally recognized independent valuation service to measure the fair value of our Truist Credit Facility in a manner consistent with the valuation process that the board of directors uses to value our investments.

Revenue Recognition

We record interest income on an accrual basis to the extent that we expect to collect such amounts. For loans and debt investments with contractual PIK interest, which represents interest accrued and added to the loan balance that generally becomes due at maturity, we will generally not accrue PIK interest when the portfolio company valuation indicates that such PIK interest is not collectable. We do not accrue as a receivable interest on loans and debt investments if we have reason to doubt our ability to collect such interest. Loan origination fees, OID, market discount or premium and deferred financing costs on liabilities, which we do not fair value, are capitalized and then accreted or amortized using the effective interest method as interest income or, in the case of deferred financing costs, as interest expense. We record prepayment penalties on loans and debt investments as income. Dividend income, if any, is recognized on an accrual basis on the ex-dividend date to the extent that we expect to collect such amounts. From time to time, the Company receives certain fees from portfolio companies, which may or may not be non-recurring in nature. Such fees include loan prepayment penalties, structuring fees, amendment fees, and agency fees and are recorded as other investment income when earned.

Net Realized Gains or Losses and Net Change in Unrealized Appreciation or Depreciation

We measure realized gains or losses by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment, using the specific identification method, without regard to unrealized appreciation or depreciation previously recognized, but considering unamortized upfront fees and prepayment penalties. Net change in unrealized appreciation or depreciation reflects the change in fair values of our portfolio investments and our Truist Credit Facility, including any reversal of previously recorded unrealized appreciation or depreciation, when gains or losses are realized.

Foreign Currency Translation

Our books and records are maintained in U.S. dollars. Any foreign currency amounts are translated into U.S. dollars on the following basis:

1. Fair value of investment securities, other assets and liabilities – at the exchange rates prevailing at the end of the applicable period; and
2. Purchases and sales of investment securities, income and expenses – at the exchange rates prevailing on the respective dates of such transactions.

Although net assets and fair values are presented based on the applicable foreign exchange rates described above, we do not isolate that portion of the results of operations due to changes in foreign exchange rates on investments, other assets and debt from the fluctuations arising from changes in fair values of investments and liabilities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments and liabilities.

Payment-in-Kind, or PIK Interest

We have investments in our portfolio which contain a PIK interest provision. PIK interest is added to the principal balance of the investment and is recorded as income. In order for us to maintain our ability to be subject to tax as a RIC, substantially all of this income must be paid out to stockholders in the form of dividends for U.S. federal income tax purposes, even though we may not have collected any cash with respect to interest on PIK securities.

Federal Income Taxes

We have elected to be treated, and intend to qualify annually to maintain our election to be treated, as a RIC under Subchapter M of the Code. To maintain our RIC tax election, we must, among other requirements, meet certain annual source-of-income and quarterly asset diversification requirements. We also must annually distribute dividends for U.S. federal income tax purposes to our stockholders out of the assets legally available for distribution of an amount generally at least equal to 90% of the sum of our net ordinary income and realized net short-term capital gains in excess of realized net long-term capital losses, or investment company taxable income, determined without regard to any deduction for dividends paid.

Although not required for us to maintain our RIC tax status, in order to preclude the imposition of a 4% nondeductible U.S. federal excise tax imposed on RICs, we must distribute dividends for federal income tax purposes to our stockholders in respect of each calendar year of an amount at least equal to the sum of (1) 98% of our net ordinary income (subject to certain deferrals and elections) for the calendar year, (2) 98.2% of the excess, if any, of our capital gains over our capital losses, or capital gain net income (adjusted for certain ordinary losses) for the one-year period ending on October 31 of the calendar year plus (3) the sum of any net ordinary income plus capital gain net income for preceding years that was realized but not distributed during such years and on which we did not incur any U.S. federal income tax, or the Excise Tax Avoidance Requirement. In addition, although we may distribute realized net capital gains (i.e., net long-term capital gains in excess of net short-term capital losses), if any, at least annually, out of the assets legally available for such distributions in the manner described above, we have retained and may continue to retain such net capital gains or investment company taxable income, contingent on maintaining our ability to be subject to tax as a RIC, in order to provide us with additional liquidity.

Because federal income tax regulations differ from GAAP, distributions in accordance with tax regulations may differ from net investment income and net realized gain recognized for financial reporting purposes. Differences between tax regulations and GAAP may be permanent or temporary. Permanent differences are reclassified among capital accounts in the Consolidated Financial Statements to reflect their appropriate tax character. Temporary differences arise when certain items of income, expense, gain or loss are recognized at some time in the future.

For the three and six months ended March 31, 2024, we recorded a provision for taxes on net investment income of \$0.8 million and \$1.2 million respectively, pertaining to federal excise tax. For the three and six months ended March 31, 2023, we recorded a provision for taxes on net investment income of \$0.5 million and \$2.5 million respectively, all of which pertains to U.S. federal excise tax.

On November 22, 2021, we formed PNNT Investment Holdings II, LLC, a Delaware limited liability company (“Holdings II”), as a wholly owned subsidiary. On December 31, 2022, we contributed 100% of our interests in PNNT Investment Holdings, LLC (“Holdings”) to Holdings II. Effective as of January 1, 2024, Holdings II made an election to be treated as a corporation for U.S. federal income tax purposes. On January 3, 2024, we purchased an equity interest in Holdings II and Holdings became a partnership for U.S. federal income tax purposes. The Company and Holdings II entered into a limited liability company agreement with respect to Holdings that provides for certain payments and the sharing of income, gain, loss and deductions attributable to Holdings’ investments.

For the three months and six months ended March 31, 2024, the Company recognized a provision for taxes of \$(0.2) million and \$(0.2) million, respectively, on net realized gain (loss) on investments by the Taxable Subsidiary. For the three months and six months ended March 31, 2023, the Company recognized a provision for taxes of \$(0.7) million and \$(0.7) million, respectively, on net realized gain on investments by the Taxable Subsidiary. For the three months and six months ended March 31, 2024, the Company recognized a provision for taxes of \$(0.8) million and \$(0.7) million, respectively, on net unrealized gain (loss) on investments by the Taxable Subsidiary. For the three and six months ended March 31, 2023, the Company recognized a provision for taxes of zero and \$0.9 million, respectively, on net unrealized gain (loss) on investments by the Taxable Subsidiary. The provision for taxes on net realized and unrealized gains on investments is the result of netting (i) the expected tax liability on the gains from the sales of investments which is likely to be realized and unrealized during fiscal year ending September 30, 2024 and (ii) the expected tax benefit resulting from the use of loss carryforwards to offset such gains. As of March 31, 2024 and September 30, 2023, the Company recognized a provision for taxes of \$0.9 million and \$3.4 million, respectively, on net realized and unrealized gains on investments by the Taxable Subsidiary.

During the three months and six months ended March 31, 2024, the Company paid zero, respectively, in federal taxes on realized gains on the sale of investments held by the Taxable Subsidiary. The state and local tax liability is \$0.4 million as of March 31, 2024 is included under accrued other expenses in the consolidated statement of assets and liabilities.

We operate in a manner to maintain our election to be subject to tax as a RIC and to eliminate corporate-level U.S. federal income tax (other than the 4% excise tax) by distributing sufficient investment company taxable income and capital gain net income (if any). As a result, we will have an effective tax rate equal to 0% before the excise tax and income taxes incurred by the Taxable Subsidiary. As such, a reconciliation of the differences between our reported income tax expense and its tax expense at the federal statutory rate of 21% is not meaningful.

The Taxable Subsidiary, which is subject to tax as a corporation, allows us to hold equity securities of certain portfolio companies treated as pass-through entities for U.S. federal income tax purposes while facilitating our ability to qualify as a RIC under the Code.

RESULTS OF OPERATIONS

Set forth below are the results of operations for the three and six months ended March 31, 2024 and 2023.

Investment Income

For the three and six months ended March 31, 2024, investment income was \$36.0 million and \$70.3 million, respectively, which was attributable to \$27.8 million and \$52.9 million from first lien secured debt, \$2.8 million and \$5.4 million from second lien secured debt, \$0.1 million and \$1.4 million from subordinated debt and \$5.3 million and \$10.6 million from preferred and common equity, respectively. For the three and six months ended March 31, 2023, investment income was \$36.3 million and \$66.3 million, respectively, which was attributable to \$26.8 million and \$48.6 million from first lien secured debt, \$3.7 million and \$7.4 million from second lien secured debt, \$1.1 million and \$2.2 million from subordinated debt and \$4.8 million and \$8.1 million from preferred and common equity, respectively. The increase in investment income for the six months ended March 31, 2024 was primarily due to the increase in the cost of yield of our debt portfolio.

Expenses

For the three and six months ended March 31, 2024, expenses totaled \$21.7 million and \$40.4 million, respectively and were comprised of; \$11.9 million and \$21.4 million of debt related interest and expenses, \$4.1 million and \$8.1 million of base management fees, \$3.0 million and \$6.3 million of incentive fees, \$1.9 million and \$3.3 million of general and administrative expenses and \$0.8 million and \$1.2 million of provision for excise taxes. For the three and six months ended March 31, 2023, expenses totaled \$19.7 million and \$39.3 million, respectively and were comprised of; \$10.6 million and \$20.3 million of debt-related interest and expenses, \$4.0 million and \$8.6 million of base management fees, \$3.5 million and \$5.7 million of incentive fees, \$1.1 million and \$2.2 million of general and administrative expenses and \$0.5 million and \$2.5 million of provision for excise taxes, respectively. The increase in expenses was primarily due an increase in debt related interest and expenses and an increase in general and administrative expenses.

Net Investment Income

For the three and six months ended March 31, 2024, net investment income totaled \$14.3 million and \$29.9 million, or \$0.22 per share, and \$0.46 per share, respectively. For the three and six months ended March 31, 2023, net investment income totaled \$16.6 million and \$27.0 million, or \$0.26 per share and \$0.41 per share, respectively. The increase in net investment income for the six months ended March 31, 2024 was primarily due to an increase in investment income.

Net Realized Gains or Losses

For the three and six months ended March 31, 2024, net realized gains (losses) totaled \$(31.0) million and \$(29.2) million, respectively. For the three and six months ended March 31, 2023, net realized gains (losses) totaled \$(148.7) million and \$(144.7) million, respectively. The change in realized gains (losses) was primarily due to changes in the market conditions of our investments and the values at which they were realized.

Unrealized Appreciation or Depreciation on Investments and Debt

For the three and six months ended March 31, 2024, we reported net change in unrealized appreciation (depreciation) on investments of \$33.2 million and \$28.3 million, respectively. For the three and six months ended March 31, 2023, the net unrealized appreciation (depreciation) on investments totaled \$135.4 million and \$43.8 million, respectively. As of March 31, 2024 and September 30, 2023, our net unrealized appreciation (depreciation) on investments totaled \$12.0 million and \$(16.3) million, respectively. The net change in unrealized depreciation on our investments was primarily due to changes in the capital market conditions of our investments and the values at which they were realized.

For the three and six months ended March 31, 2024, the Truist Credit Facility had a net change in unrealized (appreciation) depreciation of \$0.5 million and \$(1.6) million, respectively. For the three and six months ended March 31, 2023, the Truist Credit Facility had a net change in unrealized (appreciation) depreciation of \$1.5 million and \$5.9 million, respectively. As of March 31, 2024 and September 30, 2023, the net unrealized depreciation on the Truist Credit Facility totaled \$3.9 million and \$5.5 million, respectively. Net change in unrealized appreciation was primarily due to changes in the capital markets.

Net Change in Net Assets Resulting from Operations

For the three and six months ended March 31, 2024, net increase (decrease) in net assets resulting from operations totaled \$16.1 million and \$26.7 million, or \$0.25 per share, and \$0.41 per share, respectively. For the three and six months ended March 31, 2023, net increase (decrease) in net assets resulting from operations totaled \$4.9 million and \$(67.0) million, or \$0.07 per share and \$(1.03) per share, respectively. The increase in net assets from operations for the three months ended March 31, 2024 was primarily due to a decrease in the net realized and unrealized depreciation in the portfolio primarily driven by changes in market conditions.

LIQUIDITY AND CAPITAL RESOURCES

Our liquidity and capital resources are derived primarily from cash flows from operations, including investment sales and repayments, and income earned, proceeds of securities offerings and debt financings. Our primary use of funds from operations includes investments in portfolio companies and payments of interest expense, fees and other operating expenses we incur. We have used, and expect to continue to use, our debt capital, proceeds from the rotation of our portfolio and proceeds from public and private offerings of securities to finance our investment objectives and operations. As of March 31, 2024, in accordance with the 1940 Act, with certain limited exceptions, we are only allowed to borrow amounts such that we are in compliance with a 150% asset coverage ratio requirement after such borrowing, excluding SBA debentures pursuant to exemptive relief from the SEC received in June 2011. This "Liquidity and Capital Resources" section should be read in conjunction with the "Forward-Looking Statements" section above.

On February 5, 2019, our stockholders approved the application of the modified asset coverage requirements set forth in Section 61(a)(2) of the 1940 Act, as amended by the Consolidated Appropriations Act of 2018 (which includes the SBCAA) as approved by our board of directors on November 13, 2018. As a result, the asset coverage requirement applicable to us for senior securities was reduced from 200% (i.e., \$1 of debt outstanding for each \$1 of equity) to 150% (i.e., \$2 of debt outstanding for each \$1 of equity), subject to compliance with certain disclosure requirements.

As of March 31, 2024 and September 30, 2023, our asset coverage ratio, as computed in accordance with the 1940 Act was 170% and 195%, respectively.

For the six months ended March 31, 2024 and 2023, the annualized weighted average cost of debt inclusive of the fee on the undrawn commitment and amendment costs on the Truist Credit Facility, and amortized upfront fees on SBA debentures, 2026 Notes and 2026 Notes-2, was 6.5% and 5.8%, respectively.

As of March 31, 2024, we had the multi-currency Truist Credit Facility for up to \$475.0 million (decreased from \$500.0 million in September 2023), which may be further increased up to \$750.0 million in borrowings with certain lenders and Truist Bank, acting as administrative agent, Regions Bank, acting as an additional multicurrency lender, and JPMorgan Chase Bank, N.A., acting as syndication agent for the lenders. As of March 31, 2024 and September 30, 2023, we had \$396.5 million and \$212.4 million, respectively, in outstanding borrowings under the Truist Credit Facility. The Truist Credit Facility had a weighted average interest rate of 7.7% and 7.7%, respectively, exclusive of the fee on undrawn commitment, as of March 31, 2024 and September 30, 2023. The Truist Credit Facility is a revolving facility with a stated maturity date of July 29, 2027 and pricing set at 235 basis points over SOFR (or an alternative risk-free floating interest rate index). As of March 31, 2024 and September 30, 2023, we had \$78.5 million and \$262.6 million of unused borrowing capacity under the Truist Credit Facility, respectively, subject to leverage and borrowing base restrictions. The Truist Credit Facility is secured by substantially all of our assets. As of March 31, 2024, we were in compliance with the terms of the Truist Credit Facility.

As of March 31, 2024, we had \$150.0 million in aggregate principal amount of 2026 Notes outstanding. Interest on the 2026 Notes is paid semi-annually on May 1 and November 1, at a rate of 4.50% per year, commencing November 1, 2021. The 2026 Notes mature on May 1, 2026, and may be redeemed in whole or in part at our option subject to a make-whole premium if redeemed more than three months prior to maturity. The 2026 Notes are direct unsecured obligations and rank *pari passu* in right of payment with future unsecured unsubordinated indebtedness. The 2026 Notes are structurally subordinated to all existing and future indebtedness and other obligations of any of our subsidiaries, financing vehicles, or similar facilities.

As of March 31, 2024, we had \$165.0 million in aggregate principal amount of 2026 Notes-2 outstanding. Interest on the 2026 Notes-2 is paid semi-annually on May 1 and November 1, at a rate of 4.0% per year, commencing May 1, 2022. The 2026 Notes-2 mature on November 1, 2026, and may be redeemed in whole or in part at our option subject to a make-whole premium if redeemed more than three months prior to maturity. The 2026 Notes-2 are direct unsecured obligations and rank *pari passu* in right of payment with future unsecured unsubordinated indebtedness. The 2026 Notes-2 are structurally subordinated to all existing and future indebtedness and other obligations of any of our subsidiaries, financing vehicles, or similar facilities.

We may raise additional equity or debt capital through both registered offerings off our shelf registration statement and private offerings of securities, by securitizing a portion of our investments, among other sources. Any future additional debt capital we incur, to the extent it is available, may be issued at a higher cost and on less favorable terms and conditions than the Truist Credit Facility, 2026 Notes, and 2026 Notes-2. Furthermore, the Truist Credit Facility availability depends on various covenants and restrictions. The primary use of existing funds and any funds raised in the future is expected to be for repayment of indebtedness, investments in portfolio companies, cash distributions to our stockholders or for other general corporate or strategic purposes such as a stock repurchase program.

We have entered into certain contracts under which we have material future commitments. Under our Investment Management Agreement, which was reapproved by our board of directors (including a majority of our directors who are not interested persons of us or the Investment Adviser) in May 2024 PennantPark Investment Advisers serves as our investment adviser. Payments under our Investment Management Agreement in each reporting period are equal to (1) a management fee equal to a percentage of the value of our average adjusted gross assets and (2) an incentive fee based on our performance.

Under our Administration Agreement, which was most recently reapproved by our board of directors, including a majority of our directors who are not interested persons of us, in May 2024 the Administrator furnishes us with office facilities and administrative services necessary to conduct our day-to-day operations. The Administration Agreement was amended on July 1, 2022. If requested to provide significant managerial assistance to our portfolio companies, we or the Administrator will be paid an additional amount based on the services provided. Payment under our Administration Agreement is based upon our allocable portion of the Administrator's overhead in performing its obligations under our Administration Agreement, including rent and our allocable portion of the costs of our Chief Compliance Officer, Chief Financial Officer, Corporate Counsel and their respective staffs.

If any of our contractual obligations discussed above are terminated, our costs under new agreements that we enter into may increase. In addition, we will likely incur significant time and expense in locating alternative parties to provide the services we expect to receive under our Investment Management Agreement and our Administration Agreement. Any new investment management agreement would also be subject to approval by our stockholders.

In accordance with the 1940 Act, with certain limited exceptions, PennantPark Investment is only allowed to borrow amounts such that our required 150% asset coverage ratio is met after such borrowing. As of March 31, 2024 and September 30, 2023, we excluded the principal amounts of our SBA debentures from our asset coverage ratio pursuant to SEC exemptive relief. In 2011, we received exemptive relief from the SEC allowing us to modify the asset coverage ratio requirement to exclude the SBA debentures from the calculation. Accordingly, our ratio of total assets on a consolidated basis to outstanding indebtedness may be less than 150% which, while providing increased investment flexibility, also increases our exposure to risks associated with leverage.

As of March 31, 2024 and September 30, 2023, we had cash and cash equivalents of \$35.4 million and \$38.8 million, respectively, available for investing and general corporate purposes. We believe our liquidity and capital resources are sufficient to allow us to effectively operate our business.

For the six months ended March 31, 2024, our operating activities used cash of \$150.9 million and our financing activities provided cash of \$147.5 million. Our operating activities provided cash primarily due to our investment activities and our financing activities provided cash primarily from borrowings under the Truist Credit Facility.

For the six months ended March 31, 2023, our operating activities provided cash of \$60.5 million and our financing activities used cash of \$49.0 million. Our operating activities provided cash primarily due to our investment activities and our financing activities used cash primarily due to repayments under the Truist Credit Facility.

PennantPark Senior Loan Fund, LLC

In July 2020, we and Pantheon formed PSLF, an unconsolidated joint venture. PSLF invests primarily in middle-market and other corporate debt securities consistent with its strategy. PSLF was formed as a Delaware limited liability company. As of March 31, 2024 and September 30, 2023, PSLF had total assets of \$987.4 million and \$872.8 million, respectively and its investment portfolio consisted of debt investments in 99 and 90 portfolio companies, respectively. As of the same dates, we and Pantheon had remaining commitments to fund subordinated debt of zero and \$22.4 million, respectively, and equity interest of zero and \$14.5 million, respectively, in PSLF. As of March 31, 2024, at fair value, the largest investment in a single portfolio company in PSLF was \$21.5 million and the five largest investments totaled \$100.1 million. As of September 30, 2023, at fair value, the largest investment in a single portfolio company in PSLF was \$19.7 million and the five largest investments totaled \$97.5 million. PSLF invests in portfolio companies in the same industries in which we may directly invest.

We provide capital to PSLF in the form of subordinated notes and equity interests. As of March 31, 2024 and September 30, 2023, we and Pantheon owned 60.5% and 39.5%, respectively, of each of the outstanding subordinated notes and equity interests of PSLF. As of March 31, 2024 and September 30, 2023, our investment in PSLF consisted of subordinated notes of \$115.9 million and \$102.3 million, respectively, and equity interests of \$67.4 million and \$58.6 million, respectively.

We and Pantheon each appointed two members to PSLF's four-person Member Designees' Committee, or the Member Designees' Committee. All material decisions with respect to PSLF, including those involving its investment portfolio, require unanimous approval of a quorum of the Member Designees' Committee. Quorum is defined as (i) the presence of two members of the Member Designees' Committee; provided that at least one individual is present that was elected, designated or appointed by each of us and Pantheon; (ii) the presence of three members of the Member Designees' Committee, provided that the individual that was elected, designated or appointed by each of us or Pantheon, as the case may be, with only one individual present shall be entitled to cast two votes on each matter; and (iii) the presence of four members of the Member Designees' Committee shall constitute a quorum, provided that two individuals are present that were elected, designated or appointed by each of us and Pantheon.

Additionally, PSLF, through its wholly-owned subsidiary, or PSLF Subsidiary, has entered into a \$325.0 million (increased from \$225.0 million on September 2, 2022) senior secured revolving credit facility, or the PSLF Credit Facility, with BNP Paribas, which bears interest at SOFR (or an alternative risk-free interest rate index) plus 260 basis points during the investment period and is subject to leverage and borrowing base restrictions.

In March 2022, PSLF completed a \$304.0 million debt securitization in the form of a collateralized loan obligation, or the "2034 Asset-Backed Debt". The 2034 Asset-Backed Debt is secured by a diversified portfolio of PennantPark CLO IV, LLC, a wholly-owned and consolidated subsidiary of PSLF, consisting primarily of middle market loans and participation interests in middle market loans. The 2034 Asset-Backed Debt is scheduled to mature in April 2034. On the closing date of the transaction, in consideration of PSLF's transfer to PennantPark CLO IV, LLC of the initial closing date loan portfolio, which included loans distributed to PSLF by certain of its wholly owned subsidiaries and us, PennantPark CLO IV, LLC transferred to PSLF 100% of the Preferred Shares of PennantPark CLO IV, LLC and 100% of the Subordinated Notes issued by PennantPark CLO IV, LLC. As of March 31, 2024 and September 30, 2023, there was \$246.0 million of external 2034 Asset-Back Debt.

On July 26, 2023, CLO VII, LLC ("CLO VII") completed a \$300 million debt securitization in the form of a collateralized loan obligation (the "2035 Debt Securitization" or "2035 Asset-Backed Debt"). The 2035 Asset-Backed Debt is secured by a diversified portfolio consisting primarily of middle market loans. The 2035 Debt Securitization was executed through a private placement of: (i) \$151.0 million Class A-1a Notes maturing 2035, which bear interest at the three-month SOFR plus 2.7%, (ii) \$20.0 million Class A-1b Loans 2035, which bear interest at 6.5%, (iii) \$12.0 million Class A-2 Senior Secured Floating Rate Notes due 2035, which bear interest at the three-month SOFR plus 3.2%, (iv) \$21.0 million Class B Senior Secured Floating Rate Notes due 2035, which bear interest at the three-month SOFR plus 4.1%, (v) \$24.0 million Class C Secured Deferrable Floating Rate Notes due 2035, which bear interest at the three-month SOFR plus 4.7%, (vi) \$18.0 million Class D Secured Deferrable Floating Rate Notes due 2035, which bear interest at the three-month SOFR plus 7.0%. As of March 31, 2024 and September 30, 2023, there was \$246.0 million of external 2035 Asset-Backed Debt.

(1) Represents floating rate instruments that accrue interest at a predetermined spread relative to an index, typically the applicable Secured Overnight Financing Rate, or "SOFR" or Prime rate or "P". The spread may change based on the type of rate used. The terms in the Schedule of Investments disclose the actual interest rate in effect as of the reporting period. SOFR loans are typically indexed to a 30-day, 60-day, 90-day or 180-day SOFR rate (1M S, 2M S, 3M S, or 6M S, respectively), at the borrower's option. All securities are subject to a SOFR or Prime rate floor where a spread is provided, unless noted. The spread provided includes PIK interest and other fee rates, if any.

(2) Valued based on PSLF's accounting policy.

(1) Represents floating rate instruments that accrue interest at a predetermined spread relative to an index, typically the applicable Secured Overnight Financing Rate, or "SOFR" or Prime rate or "P". The spread may change based on the type of rate used. The terms in the Schedule of Investments disclose the actual interest rate in effect as of the reporting period. SOFR loans are typically indexed to a 30-day, 60-day, 90-day or 180-day SOFR rate (1M S, 2M S, 3M S, or 6M S, respectively), at the borrower's option. All securities are subject to a SOFR or Prime rate floor where a spread is provided, unless noted. The spread provided includes PIK interest and other fee rates, if any.

Distributions

In order to be treated as a RIC for federal income tax purposes and to not be subject to corporate-level tax on undistributed income or gains, we are required, under Subchapter M of the Code, to annually distribute dividends for U.S. federal income tax purposes to our stockholders out of the assets legally available for distribution of an amount generally at least equal to 90% of our investment company taxable income, determined without regard to any deduction for dividends paid.

Although not required for us to maintain our RIC tax status, in order to preclude the imposition of a 4% nondeductible federal excise tax imposed on RICs, we must distribute dividends for U.S. federal income tax purposes to our stockholders in respect of each calendar year of an amount at least equal to the Excise Tax Avoidance Requirement. In addition, although we may distribute realized net capital gains (i.e., net long-term capital gains in excess of net short-term capital losses), if any, at least annually, out of the assets legally available for such distributions in the manner described above, we have retained and may continue to retain such net capital gains or investment company taxable income, contingent on our ability to be subject to tax as a RIC, in order to provide us with additional liquidity.

During the three and six months ended March 31, 2024, we declared distributions of \$0.21 and \$0.42 per share, for total distributions of \$13.7 million and \$27.4 million. During the three and six months ended March 31, 2023, we declared distributions of \$0.185 and \$0.35 per share, for total distributions of \$12.1 million and \$22.8 million, respectively. We monitor available net investment income to determine if a return of capital for tax purposes may occur for the fiscal year. To the extent our taxable earnings fall below the total amount of our distributions for any given fiscal year, stockholders will be notified of the portion of those distributions deemed to be a tax return of capital. Tax characteristics of all distributions will be reported to stockholders subject to information reporting on Form 1099-DIV after the end of each calendar year and in our periodic reports filed with the SEC.

Effective October 2023, we changed from a quarterly distribution to a monthly distribution. We intend to continue to make monthly distributions to our stockholders. Our monthly distributions, if any, are determined by our board of directors.

We maintain an "opt out" dividend reinvestment plan for our common stockholders. As a result, if we declare a distribution, then stockholders' cash distributions will be automatically reinvested in additional shares of our common stock, unless they specifically "opt out" of the dividend reinvestment plan so as to receive cash distributions.

We may not be able to achieve operating results that will allow us to make distributions at a specific level or to increase the amount of these distributions from time to time. In addition, we may be limited in our ability to make distributions due to the asset coverage ratio for borrowings applicable to us as a BDC under the 1940 Act and/or due to provisions in future credit facilities. If we do not distribute at least a certain percentage of our income annually, we could suffer adverse tax consequences, including possible loss of our ability to be subject to tax as a RIC. We cannot assure stockholders that they will receive any distributions at a particular level.

Recent Accounting Pronouncements

In March 2020, the FASB issued Accounting Standards Update, or ASU, No. 2020-04, "Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting." The guidance provides optional expedients and exceptions for applying GAAP to contract modifications, hedging relationships and other transactions, subject to meeting certain criteria, that reference LIBOR or another reference rate expected to be discontinued because of the reference rate reform. ASU 2020-04 is effective for all entities as of March 12, 2020 through June 30, 2023. The FASB approved an (optional) two year extension to December 31, 2024, for transitioning away from LIBOR. The Company utilized the optional expedients and exceptions provided by ASU 2020-04 during the three and six months ended March 31, 2024, the effect of which was not material to the consolidated financial statements and the notes thereto.

In March 2022, the FASB issued ASU 2022-02, "Financial Instruments - Credit Losses (Topic 326)", which is intended to address issues identified during the post-implementation review of ASU 2016-13, "Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments." The amendment, among other things, eliminates the accounting guidance for troubled debt restructurings by creditors in Subtopic 310-40, "Receivables - Troubled Debt Restructurings by Creditors", while enhancing disclosure requirements for certain loan refinancings and restructurings by creditors when a borrower is experiencing financial difficulty. The new guidance is effective for interim and annual periods beginning after December 15, 2022. The Company has adopted the new accounting standard implementing appropriate controls and procedures, the effect of which was not material to the consolidated financial statements and the notes thereto.

In June 2022, the FASB issued ASU 2022-03, Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions, or ASU 2022-03, which changed the fair value measurement disclosure requirements of ASC Topic 820, Fair Value Measurements and Disclosures, or ASC 820. The amendments clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, is not considered in measuring fair value. The amendments also clarify that an entity cannot, as a separate unit of account, recognize and measure a contractual sale restriction. The new guidance is effective for fiscal years beginning after December 15, 2023, including interim periods therein. Early application is permitted. The Company is currently evaluating the impact the adoption of this new accounting standard will have on its consolidated financial statements, but the impact of the adoption is not expected to be material.

Share Repurchase Program

On February 9, 2022, we announced a share repurchase program which allows us to repurchase up to \$25 million of our outstanding common shares in the open market at prices below our net asset value as reported in our then most recently published consolidated financial statements. During the six months ended March 31, 2023, we did not make any repurchases of our common shares. The program expired on March 31, 2023.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are subject to financial market risks, including changes in interest rates. As of March 31, 2024, our debt portfolio consisted of 97% variable-rate investments and 3% fixed rate investments. The variable-rate loans are usually based on a SOFR (or an alternative risk-free floating interest rate index) rate and typically have durations of three months after which they reset to current market interest rates. Variable-rate investments subject to a floor generally reset by reference to the current market index after one to nine months only if the index exceeds the floor. In regards to variable-rate instruments with a floor, we do not benefit from increases in interest rates until such rates exceed the floor and thereafter benefit from market rates above any such floor. In contrast, our cost of funds, to the extent it is not fixed, will fluctuate with changes in interest rates since it has no floor.

Assuming that the most recent Consolidated Statements of Assets and Liabilities was to remain constant, and no actions were taken to alter the interest rate sensitivity, the following table shows the annualized impact of hypothetical base rate changes in interest rates:

| Change in Interest Rates | Change in Interest Income, Net of Interest Expense (in thousands) | Change in Interest Income, Net of Interest Expense Per Share |
|--------------------------|-------------------------------------------------------------------------|--------------------------------------------------------------------|
| Down 1% | \$ (4,948) | \$ (0.08) |
| Up 1% | 4,948 | 0.08 |
| Up 2% | 9,896 | 0.15 |
| Up 3% | 14,843 | 0.23 |
| Up 4% | 19,816 | 0.30 |

Although management believes that this measure is indicative of our sensitivity to interest rate changes, it does not adjust for potential changes in the credit market, credit quality, size and composition of the assets on the Consolidated Statements of Assets and Liabilities and other business developments that could affect net increase in net assets resulting from operations, or net investment income. Accordingly, no assurances can be given that actual results would not differ materially from those shown above.

Because we borrow money to make investments, our net investment income is dependent upon the difference between the rate at which we borrow funds and the rate at which we invest these funds as well as our level of leverage. As a result, there can be no assurance that a significant change in market interest rates will not have a material adverse effect on our net investment income or net assets.

We may hedge against interest rate and foreign currency fluctuations by using standard hedging instruments such as futures, options and forward contracts or our Truist Credit Facility subject to the requirements of the 1940 Act and applicable commodities laws. While hedging activities may insulate us against adverse changes in interest rates and foreign currencies, they may also limit our ability to participate in the benefits of lower interest rates or higher exchange rates with respect to our portfolio of investments with fixed interest rates or investments denominated in foreign currencies. During the periods covered by this Report, we did not engage in interest rate hedging activities or foreign currency derivatives hedging activities.

Item 4. Controls and Procedures

As of the quarter ended March 31, 2024, we, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Exchange Act). As disclosed in our Annual Report on Form 10-K for the fiscal year ended September 30, 2023, a material weakness was previously identified in connection with our internal control over financial reporting relating to the review of quarterly cash and investment reconciliations. Additionally, a material weakness was identified in the operation of our internal controls over financial reporting relating to our review of interest income and non-accrual classification of investments. We have taken steps to remediate these material weaknesses, which steps have included (i) enhancing existing controls to ensure the appropriate review of the quarterly cash and investment reconciliation and that it is adequately documented so as to provide evidence that the controls are operating effectively (ii) enhancing existing controls to ensure that our internal controls over financial reporting relating to our analysis of interest income and assessment of investments for classification as non-accrual investments are operating effectively and (iii) enhancing policies and procedures to demonstrate a commitment to improving our overall control environment.

Taking the above efforts into consideration, our management, including the Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures for the quarter ended March 31, 2024 were effective and provided reasonable assurance that information required to be disclosed in our periodic filings with the SEC is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. However, in evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of such possible controls and procedures.

Other than disclosed in this Item 4, there have been no changes in our internal control over financial reporting that occurred during the quarter ended March 31, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

None of us, our Investment Adviser or our Administrator, is currently subject to any material legal proceedings, nor, to our knowledge, is any material legal proceeding threatened against us, or against our Investment Adviser or Administrator. From time to time, we, our Investment Adviser or Administrator may be a party to certain legal proceedings, including proceedings relating to the enforcement of our rights under contracts with our portfolio companies. While the outcome of these legal proceedings cannot be predicted with certainty, we do not expect that these proceedings will have a material effect upon our financial condition or results of operations.

Item 1A. Risk Factors

In addition to the other information set forth in this Report, you should consider carefully the factors discussed below, as well as in Part I “Item 1A. Risk Factors” in our Annual Report on Form 10-K for the fiscal year ended September 30, 2023, filed on December 8, 2023, which could materially affect our business, financial condition and/or operating results. The risks as in our Annual Report on Form 10-K, are not the only risks facing PennantPark Investment Corp. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially and adversely affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

No unregistered securities were sold in the quarter ended March 31, 2024.

Issuer Purchases of Equity Securities

Repurchases of our common stock under our share repurchase program are as follows:

| Total investments | 1,820,605 | \$ 7.28 | | |

(1) The program expired on March 31, 2023 and we purchased \$1.8 million shares of our common stock in open market transaction while the program was in effect for an aggregate cost (including transaction costs) of \$13.2 million.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

10b5-1 Disclosure

None of the officers or directors of the Company have adopted or terminated any Rule 10b5-1 trading arrangements applicable to them (if any) or the Company.
